FIGHTING HIGHER RAILROAD RATES

Delegation From West Appealed to Attorney General Wickersham.

WOULD ENJOIN THE ROADS

Westerners Urge Attorney General to Enjoin Railroads—Declare the Rates Unjust—Sherman Law May Be Invoked.

Washington, May 30.—Vigorous representations were made to Attorney General Wickersham in his office today by interests representing western traffic line territory asking that the government enjoin the putting into effect of a proposed general increase in freight rates on June 1st, notice of which was given by the railroads a month ago. It was argued that the proposed increases were unwarranted and unjust and the opinion expressed that they were the results of a combination or agreement among the railroads in contravention of law. The Attorney General told his callers he would do the best he could for them; further than he declined to outline what his course of procedure might be.

The Attorney General listened for two hours to the representations made by a delegation which included a committee representative of the meeting recently held at Omaha, Neb., made up of shippers, consumers and producers called to take action protesting against the advance. The committee was accompanied by Senators and members of Congress in the territory affected.

In a general way the case of the protestants was first presented by William D. Haynie, counsel of the Illinois Manufacturers' Association, who presented a memorial prepared as a result of the Omaha meeting. It asked that an injunction suit be brought to prevent the increased rates becoming operative until such time as the courts could determine whether an illegal combination existed as the memorialists believed was the case.

The general burden that would be imposed by the proposed rates on manufacturers, producers and consumers was too great, the memorial declared and should be resisted. Old methods were too slow in stopping them becoming effective it was set forth, and the interests affected suggested that the interposition of the Sherman anti-trust law might be invoked.

The expectation of the protestants was that the increase announced would be followed by further advances, particularly in the lines leading to the seaboard.

The memorialists took the ground that the action of the railroads in seeking to put into effect an increase of rates at this time was for the purpose of forestalling legislation by Congress by giving the Inter-state Commerce Commission authority to set aside proposed rates in advance on complaint of a shipper—it being admitted in response to a suggestion of the Attorney General that it would be easier to drop from a higher than to increase a lower rate.

At this point the Attorney General told his hearers that he would give the matters they complained of his most careful consideration. The suggestion that the Sherman law be invoked, he said, was a novel one.

Mr. Wickersham pointed out that the delay in presenting the request for action on the part of the government was a serious handicap, although he recognized that if anything were to be done at all by the administration it would have to be under the Sherman Act.

WRECK AT NEWBERN.

Car on Oriental Branch of Norfolk & Southern Derailed.

(Special Star Telegram.)

Newbern, N. C., May 30.—The first class coach of the Oriental train on the Norfolk & Southern railroad was turned over as the train was leaving the railroad yards here today. A switchman threw the switch under the car at the junction and one truck continued on the main line while the other took the branch line. There were about 25 passengers on the car, none of whom was hurt as the train was moving slowly. Several hundred dollars damage to the car and a blocked track for a few hours were the largest damages. The passengers were frightened but soon recovered and continued on their journey in another car after an hour's delay.

Glenn H. Curtiss Wins N.Y. World $10,000 Prize

Photo by American Press Association.

(By associated Press.)

New York, May 29.—Glenn H. Curtiss flew from Albany to New York city in an aeroplane today, winning the $10,000 prize offered by the New York World. He covered the distance of 137 miles in two hours and 32 minutes and came to earth as calmly and as lig dly as a pigeon. His average speed for the distance—54.06 miles an hour—surpasses any record ever made by an aeroplane in long distance flights and in its entirety his feat perhaps esclipses anything man has ever attempted in a heavier-than-air machine.

The start was made from Albany at 7:03 o'clock this morning under weather conditions as near perfect as could be demanded. One hour and 23 minutes later he had made his stopping place near Poughkeepsie, where there was an hour's intermission. Resuming his flight at 9:26, he sped southward and landed within the boundary of Manhattan Island at 10:35. Only 100 yards north of the point on which his craft settled, stretched Spuyten Duyvil creek, separating Manhattan Island from the mainland. Had he failed to cross this his flight would have been in vain, but as he swept over it, the prize was his.

The Final Lap.

Thence to Governor's Island his task was but a skim of triumph and the concluding lap of a race already won.

Paulhan's flight from London to Manchester—186 miles—exceeded the Curtiss feat of today in distance but not in speed and danger. The Frenchman's average was 44.3 miles an hour and below him lay English meadow lands. Curtiss followed the winding course of the historic Hudson, with jutting headlands, wooded slopes and treacherous palisades. He swung high over the great bridge at Poughkeepsie, dipped at times within 50 feet of the river's broad surface and jockeyed like a falcon at the turns.

Only once did his craft show sign of rebellion. This was off Storm King, near West Point, where at a height of nearly 1,000 feet, a treacherous gust struck his planes. The machine dropped like a rock for 40 feet and tilted perilously but Curtiss, always cool, kept both his head and his seat and by adroit manipulation of his levers brought renewed equilibrium to his steed.

Curtiss was up before dawn today, hesitant despite favorable weather conditions.

CLOSER CHURCH RELATIONS

Favored by Committee at United Presbyterian Chuch Assembly—Protest Against Jeffries-Johnson Fight—Details.

Philadelphia, May 3.—Although the committee on bills and overtures of the General Assembly of the United Presbyterian Church which has been considering the question of closer relations with the Presbyterian Church and other denominations made its report to the convention here today, action on the report was postponed until tomorrow's session and further discussion of the subject was deferred until that time. The report was as follows:

"Whereas, there is a marked historic harmony between these two denominations in the maintenance of great truths, in which they have a common heritage, and of which they have a common custodianship; and,

Whereas, there is urgent need of co-operation in the great work of evangelization in the home and foreign fields; therefore, be it

"Resolved, (1) That there should be a closer federation of the two denominations and a more clearly defined drawing together of their church activities, in all ways consistent with a loyal adherence to their distinctive principles;

"Resolved (2), That continuous Presbyteries, or Presbyteries occupying the same field, of both churches, should be authorized by the respective General Assemblies to put into effective forms of federative work; conference with conference to any plan, to be had with the board of other general agencies of other church directly related to the branch or branches of church work, deal with in a given plan.

"Resolved (3), That we recommend to our respective assemblies the continuance of the present committees on closer relations."

The convention decided to memorialize Congress to pass immediate legislation to prevent the transportation of fight pictures from State to State. Denunciation of the Jeffries-Johnson fight was precipitated by the Rev. George W. Grannis, general secretary of the Lord's Day Alliance, who in a speech advocating an easier Sunday for postal employes, blamed the apathy of the clergy for what he termed the degrading contest between two brutes on Independence Day.

A resolution protesting against the alleged inhuman treatment of the Jews in Russia was adopted.

TWELVE INJURED IN WRECK

Southern Passenger Train Derailed at Sycamore, Va., Yesterday—Cars Were Overturned—Three Passengers Victims.

Danville, Va., May 30.—No. 36 northbound fast mail and passenger train of the Southern Railway was wrecked this afternoon at Sycamore, 30 miles north of here. Engine, mail, baggage and express cars and one passenger coach were overturned. Many are reported hurt. A relief train from here carrying doctors has left for the scene. The injured will be brought here today.

Washington, May 30.—Reports received at the headquarters of the Southern Railway here are to the effect that 12 passengers, Engineer J. C. Small and Fireman Johnson were injured in the wreck of train No. 36 near Sycamore, Va., today. The condition of the injured is not yet known here. The engine and three cars were derailed and overturned.

Reports received at the headquarters here of the Southern Railway are to the effect that three passengers, two of them negroes, seven mail clerks, the fireman and an express man were injured in the wreck of No. 36 at Sycamore, Va., today. The engine was overturned, but one of the four coaches and three mail and baggage cars which left the track toppled over.

As far as reported none of the 12 injured persons are hurt seriously although several of the mail clerks are reported to be injured internally, but how seriously is not yet known. After four hours' delay of traffic, the track was opened again about 9 o'clock tonight.

The three passengers injured were P. Shuford, Knoxville, bruised; C. B. Reckwith, negro, this city, hurt about head and E. J. Anderson, negro, Charlottesville, Va.

The injured mail clerks are C. E. Goodwin, Lynchburg; G. S. Bradshaw, Grantsville, Va.; J. P. Hunnycutt, this city; O. C. Sullivan, Clifton, Va.; G. K. Hayden, this city; N. W. Paden, this city, and J. M. Covington, Atlanta; T. C. Johnson, firemen and E. J. Taylor, this city, expressman.

Injured Brought to Danville.

Danville, May 30.—Nine of injured in the wreck this afternoon at Sycamore of Southern train No. 36 train were brought to the general hospital here at 11 o'clock tonight. At midnight the injured were all reported to be getting along well and indications are no fatalities will result. The most

INSURGENTS WIN NICARAGUA FIGHT

Madriz Troops Forced to Retire From Bluefields With Heavy Loss.

AWAITING THE U. S. MARINES

Fighting Continues Furiously—Port of Bluefields Has Been Changed. Madriz's Steamer Bombards The Trenches.

Bluefields, Nicaragua, May 30.—General Lara, commander of the Madriz forces, again attacked General Astrada's positions yesterday. About 3 o'clock in the morning, he began an assault in Estrada's left flank with 500 men, but after hard fighting in which many were killed and wounded, the Madriz troops were forced to retire. Estrada's losses were light.

About the same time an assault was begun on the extreme south flank but this, too, failed, their being further heavy losses to Lara's men. Estrada succeeded in capturing a large number of prisoners, who report that General Lara is convinced that it will be impossible to take the entrenchments of the provisionals.

The port of Bluefields has been officially changed by the provisional government from the Bluff to a point three miles up the Escondido river and the custom house has been officially removed to the City of Bluefields. The representatives of Madrid, however, who hold the bluff, claim the right to stop all vessels proceeding in and out of the harbor for the purpose of collecting duties. This has complicated the situation and it is understood that a ruling of the State Department of the Panama government as to whom duties shall be paid is awaited.

The Madriz steamer Venus has not been permitted to bombard the trenches back of Bluefields. This would have necessitated firing over the city and following the order to this effect by the commander of the United States Paducah, the American gunboat prepared for action, although the necessity for this did not arise.

A force of United States marines is expected to arrive here soon and as the situation is critical, the presence of the marines is greatly needed. There are rumors current that the Bluff was lost to Estrada through treachery, and the taking of this strong position by the Madriz forces has materially lessened Estrada's chances of success.

FIREMEN OVERCOME.

Fifteen Persons Victims of Smoke in Denver Fire Yesterday.

Denver, Colo., May 30.—Fifteen persons, mostly firemen, were overcome by smoke today in a fire in a wholesale grocery. Three of the firemen are in a serious condition. The loss was $35,000.

The firemen were trying to rescue people from the burning building when overcome by smoke and were with difficulty themselves rescued alive.

Among the firemen overcome were Chief Terry Owens, Assistant Chief Halloy and Capt. Louis Goodman.

The fire caused $100,000 damages.

SERVED ON THE MERRIMAC.

Well Known Virginia Minister Dies of Paralysis.

Norfolk, Va., May 30.—Rev. A. A. Jones, aged 67 years, one of the oldest active members of the Virginia Conference M. E. Church, South, died here today following a stroke of paralysis. The deceased was on the Confederate Virginia (Merrimac) at the time of the Hampton Roads engagement between the Virginia and Monitor, and was in one of the last two boats that left the Virginia when she was subsequently blown up by her own men off Craney Island.

BLIZZARD ON LAKE SUPERIOR

High Northerly Winds and Heavy Snow—No Train Service.

Detroit, Mich., May 30.—A special to the Detroit News from Calumet says that Lake Superior and the surrounding country are in the grip of a fierce blizzard with high northerly winds and a heavy snow. All boats are seeking ports of refuge from the gale. A heavy sea is running all along the southern coast. No boats are reported within reach of the wireless. Wire and train service are practically demolished.

VETERANS MARCH BEFORE PRESIDENT

Federal Memorial Day Observed North and South Yesterday.

TAFT VISITS IN NEW YORK

Parade of Old Soldiers Lasted Three Hours—Exercises In Richmond Cemeteries Yesterday—Also Observed at Raleigh.

New York, May 30.—Before the President of the United States there passed in review today what remains of New York's contribution to the war of the North and South. The President had come from Washington especially to see the old soldiers pass the reviewing stand at the soldiers and sailors' monument on Riverside drive, and as they trudged by they tautened the stiffening muscles of old, raised their gray heads higher, and sought to show that they were still fit and active. But the blue lines wavered, old feet shuffled over the roadway, and some of the men who marched behind the ragged flags, riddled with shot, spent quickly what strength they had and kept their places only with the help of more stalwart comrades.

The parade was nearly three hours in passing, but the President all the while stood bareheaded in the stand, bowing as the veterans trooped by. He was cheered by the crowds as he drove with his escort from his brother's residence down town to the reviewing stand.

After the parade there was a short exercise at the base of the monument. It was cut short by a shower which wet the President before one of the secret service men rushed to his rescue with an umbrella. The President made no address.

Mr. Taft went back to his brother's house, changed his damp clothes, and spent an hour and a quarter in an automobile ride through the Bronx to the botanical gardens. After luncheon with Henry Taft he went to Jersey City and began the return trip to Washington.

This morning at Riverside drive and 83rd street, a young man from the crowd on the sidewalk broke through the line of police and ran towards the President's automobile. A secret service man and a policeman caught him but he said he was merely trying to get across the other side of the street and he was released.

A feature of the Memorial Day celebration was the Work Horse Parade in Fifth Avenue. Two thousand dollars in cash and many medals and blue ribbons were presented from the reviewing stand by Mrs. Russell Sage, and Mrs. James Speyer, the latter president of the Woman's Auxiliary of the American Society for the Prevention of Cruelty to animals.

Two tablets of historic interest were unveiled during the day, one to the memory of Henry George and the other to William Lloyd Garrison.

Exercises at Raleigh.

Raleigh, N. C., May 30.—Federal Decoration Day was celebrated in Raleigh as never before, for in it there took part this afternoon in the Federal cemetery Confederate as well as Federal veterans, the chief speaker being a Confederate veteran as well as an Amrican-Spanish war veteran. Sixty Confederate veterans attended the exercises as well as the Raleigh Company of the North Carolina National Guard. Southern women, descendants of Confederate soldiers were in the choir.

The chief address was made by Major B. F. Dixon, auditor of State, and by his direction both the National and State flags today floated over the capital. He was a gallant Confederate officer and an officer in the war with Spain, who spoke of the inspiration of one flag and a united country.

Another address was by Dr. Charles Lee Smith, son of a Confederate veteran, while of the Federal veterans there was a speech by Captain A. B. Forest, a poem being read by another Federal veteran, Major H. L. Grant, clerk of the Federal court.

There has been no greater mingling of the blue and the gray than took place here today.

Memorial Day in Richmond.

Richmond, Va., May 30.—Memorial Day was marked here by an almost complete suspension of business and by the usual exercises and decoration of graves at the Confederate cemetery in Hollywood and at the Federal cemetery at Seven Pines. At the former famous place of sepulture, Governor Mann was the orator of the occasion and the exercises were under the direction of the Ladies' Memorial Association of the city. The usual procession of local military and veteran organizations escorting the ladies to Hollywood was reinforced by the A. P. Hill Camp, of Confederate veterans from Petersburg.

The exercises at Seven Pines were under the auspices of Phil Kearney Post G. A. R., of this city, and the memorial address there was delivered by the Rev. C. A. Schaible. A salute to the Federal dead was fired by a squad from Company B., First Infantry, Virginia Volunteers.

Washington, May 30.—The resignation of Fred W. Carpenter, secretary to President Taft, had long been expected in Washington. While the President had a personal liking for Carpenter, he felt that he did not deal with some questions as he desired. The appointment of Carpenter Morocco as United States minister may be met with some opposition in the Senate. A number of regular and insurgent senators are known to dislike Carpenter. They may attempt to block his appointment.

OLDFIELD AND HARROUN WIN

Established New Records on Indianapolis Speedway—Cincinnati Amateur a Star—Harroun Had Narrow Escape.

Indianapolis, May 30.—In slashing races at the Indianapolis Speedway today, new records were set for the National championships in stock car classes, to be contested annually. Barney Oldfield, with a Benz, broke the American Speedway record for the mile and the kilometer, and Ray Harroun, driving a Marmon, topped the time for 50 miles for cars of 231 to 300 cubic inches displacement.

An enormous crowd cheered the drivers on to desperate feats of speed and companies of militia were pressed hard to control the eager spectators.

Oldfield cut the mile speed record down from 36 to 35.6 seconds and the kilometer record from 23.7 to 21.45. He made the former records on the Los Angeles track.

In a wonderfully sustained dash throughout the 50 mile race, Harroun easily led his rivals. He was ahead of the record at 30 and 40 miles and the finish. His time was 42.41. The former record, which was 44:48 Harroun himself had set at Atlanta.

Caleb Bragg, a Cincinnati amateur with his Fiat, was the third star of the day's triumphs. He took two ten-mile races and one five-mile free-for-all race, and had to put up a hard fight for each of them with Kirshcer, in a Darracq.

For the National championships, the drivers raced with all their skill, forcing their engines to the limit of power.

L. Chevrolet, in a Buick, winning the 161 to 230 sylinder displacement championship for ten miles, set the record down to 9:03 from 9:46, and Dawson, in a Marmon, wresting from Harroun the victory in the 231 to 300 class for five miles, put a new mark at 4:41, seven seconds better than the old time.

Oldfield, in a Knox, won the five and the ten mile championships in the 451 to 600 class, which included the highest powered cars recognized under the stock car racing rules. Leading all the way, Oldfield cut down the record for five miles from 4:03 to 4:01.

The honor of setting for next year's aspirants, the championship record for ten miles in the 301 to 450 class went to Aitken (National) who pulled down the time from 8:06 to 7:52.

Only two accidents marred the day's sport and in neither of them was any one injured, though Harroun had a narrow escape from death. A Marmon "Wasp" with which he won the 200-mile race on Saturday, burst a tire and hurled itself against the cement wall that guards the upper margin of the track.

Sliding along the top of the wall the car tore a furrow in the cement for 50 feet and then toppled over, flinging Harroun from his seat. He got up unhurt, but the "Wasp" was a snarl of steel. It was only partial consolation for his loss when F. H. Wheeler, vice president of the Speedway Company, gave him the $10,000 silver trophy and a check for $1,000, which he won in the 200-mile race.

The second accident of the day occurred in the five-mile free-for-all in which Kircher, in a Darracq, cast high in the air one of its front tires. The driver held his careening car true to the track and finally turned it off to the inner field and stopped it safely in the sand.

KELLNER MYSTERY IS BEING SOLVED

Finding of Girl's Body in Church Cistern Ends Long Search.

GIRL WAS MURDER VICTIM

Police Are Searching for Church Janitor Who Mysteriously Disappeared—Thought She Was Kidnapped—At Louisville.

Louisville, Ky., May 30.—With the finding today of her mutilated and decomposed body in an old cistern under one of the parish houses of St. John's Roman Catholic church, Clay and Walnut streets, part of the mystery surrounding the disappearance on December 8th, 1909, of Alma Kellner, eight years old, daughter of Fred L. Kellner, was solved.

To clear the identity of the slayer the police are searching for Joseph Wendling, formerly janitor of St. John's church. He has been missing since January 14th. His wife is under surveillance.

Frank Fehr, a millionaire brewer, uncle of the child, who since her disappearance, has spared neither time nor money in the search for her, positively identified the body found today.

The body was found only a few yards from the entrance to St. John's church, where Alma had gone to attend services the morning of her disappearance.

Mrs. Lena Wendling, wife of the missing janitor, and housekeeper for Father Schuhmann, pastor of St. John's church, in a sworn statement made before Chief of Detective Carney today, admitted washing the muddy clothes of her husband shortly after the disappearance of the Kellner girl. The detectives declare these trousers, shirt and hat are still blood stained.

A little more than a year ago, according to police records, Wendling was arrested and fined because of improper conduct towards a young girl, whom he accosted in a street.

The parents of Alma Kellner have not seen the body found today. Both are prostrated, but expressed some relief at learning finally the fate of their child, whom they had feared had been kidnapped. Because of the lack of clothing found with the horribly mutilated and decomposed body, identification had to be based on the child's shoe.

The finding of the body, after months of search throughout the United States, was by accident.

On Saturday the janitor at St. John's church told Father Schuhmann that water was collecting under one of the parish buildings. Plumbers began to pump out the water.

After pumping only a short time the water began to give out an ugly odor and later a slimy object was discovered. A child's foot, with shoe and stocking on, appeared. The police and coroner were called by Father Schuhmann.

After working for five hours all the fragments of the body were collected except the top of the skull and the lower part of the right leg. All the ribs on the left side were broken.

"It appears that the body was partly burned," said Coroner Duncan, "and I believe quick lime was used to aid in destroying the body."

Father Schuhmann said that he could remember nothing extraordinary in Wendling's actions after the disappearance of Alma Kellner.

"Wendling left the church without saying he was going to quit. He said nothing even to his wife. I thought at the time that possibly the fact that his wife, who is 42 years of age, was much older than he caused him to leave. He often talked of returning to his old home in France. His wife wrote his parents at Genlis, Cote D'Or, France, but they had heard nothing of him."

Wendling is described as 27 years old, about five feet 10 inches tall, weight about 160 pounds, a small black moustache and dark hair and eyes.

According to the wife's statement Wendling was a deserter from the French army. Father Schuhmann said he had learned since Wendling's disappearance that he had left several positions without notice.

Mrs. Wendling Arrested.

Mrs. Joseph Wendling was tonight arrested on the charge of being accessory to the murder of Alma Kellner, whose mutilated body was found today in a cistern under the parochial buildings of St. John's Catholic church.

A gold ring and a pin were found in Mrs. Wendling's trunk. After the pin had been identified by Mrs. Kellner as one Alma wore the day she disappeared, Mrs. Wendling maintains stolidly that the ring and the pin had been given her by a boy who said he found them on the street.

Mrs. Wendling admitted that stains on some clothing which she washed for her husband a short time after the child disappeared were blood stains. Her admission was made in advance of a chemical analysis of the garments, which are in the possession of the police. She declares that the blood stains came from a wound her husband had accidentally suffered on his arm while at work.

Further than this a three hours'

For Fayetteville Clancy flew to centre, Bunting drew a pass, Waymack singled to right and Bunting was out at third; Mullin was hit by a pitched ball and Dobson hit to right while Waymack scored.

In the ninth after Tydeman fanned, and Doak was out second to first, Burke singled to right and Carroll by second, while Kaiser flew to short. The Fayetteville story of the game is as follows:

Fayetteville, N. C., May 30.—Waymack was invincible, the Highlanders hit well and today's game went to the locals 8 to 0. Until his team had seven runs Waymack yielded only one clean hit and a scratch. He did not allow a single Sailor to reach third base. In the sixth he fanned Hyames, Ceeper and Tydeman. Mullin was cheered for several minutes for his wonderful bare-hand stop of Tydeman's terrific drive.

BILIOUS BICKERINGS.

Goosie, Goosie, Gander;
Where did you wander?
From Wilson—home—to Fayetteville
Goosie, Goosie, Gander!

Wat t'ell.

Ain't it squshy?

Three locals breezed in the 6th.

To us, it looks like the morning after feels.

Oh, blame it on the comet; and let it go at that!

It took some going for Wilson to lay it over the Giants.

Kelly was as wild as usual, strolling some, and hitting others.

Lefty Wysong is greeting friends and acquaintances in the city. We may need Wy yet.

Confidentially, it's reached the point almost where it's either the Anvil Chorus or the Swan Song.

The Sailors checked up a few swats but they were not clustered sufficiently to count for anything but publication.

I'd tell you just exactly how I feel about the game, but, frankly, I'm trying to break myself from using bad words.

Our condolences to Raleigh and Rocky Mount! "Misery likes company" and three's no crowd in this instance.

Glad to see that Carroll hit 'em up a little. And he also threw in from center to catch a Kiltie at the marble. Watch that kid.

Dame Rumor has it we're to get some new material shortly, and among the lot one or two old standbys. "Let us pray!"

Where's the judgment of pitching Kelly about every other game and knocking the other boxmen out of their turn, is beyond us.

Mr. Cooper pulled off his usual error, resulting in a run or two. That's to be expected having a cooper instead of a ballist on 3rd.

"Now there's those naughty Fayette-villians jumping on our poor little sailor boys and whipping them most out of resemblance. Hateful."

We lost a rag last year on account of a hole in the infield; and experience is getting in some of its dear teaching right now at the beginning of the race.

Wilmington's infield is weak, and there's no rubbing that out. Let's get a team that will make it interesting for the others, even if we can't win now and then.

Algie Swinburne may be right about "Music (being) the Hamony of the Soul", at the same time could he but get next to the kicking of the Hammer Boys, he sure would term the last named "The Discord of the Sole."

I saw a man look at the sky; unto the chap I said; said I; "I pray you, Sir, is Halley's there?" He said; "You chump; I hide a tear." "And why the sobby stuff?" I cried, "Has any of your folks just died?" "Far worse than that," he said, "My son; the Sailors didn't make a run."

WILSON ADDS STILL ANOTHER

Twelve Inning Game Won by Score of Two to One at Goldsboro Yesterday—McGeehan Copped a Line Drive.

(Special Star Telegram.)

Goldsboro, N. C., May 30.—Wilson added one more to her load by defeating Goldsboro 2 to 1 in a beautiful 12 inning game today. Both pitchers were in good form although each side bunched hits and earned one run. The feature was a catch by McGeehan of a line drive.

RALEIGH RED BIRDS WINNERS

Fans Jubilant Over First Victory on Home Grounds—Neither Team Scored Until Eighth—Score Was 2 to 1.

(Special Star Telegram.)

Raleigh, N. C., May 30.—Raleigh was the winner today over Rocky Mount, score 2 to 1. It was Raleigh's first victory on the home diamond and the fans are joyous to a degree. Neither side scored until the eighth when Rocky Mount slipped in a run. In the ninth Raleigh set rooters wild with a series of plays that scored two runs. With one man down, Hobbs sent a long drive to rightfield, which was dropped and Prim scored, Hobbs reaching second on a wild throw, Kelly fanned, Phoenix hit to short and a wild throw enabled Hobbs to score.

NATIONAL LEAGUE.

Philadelphia, May 30.—New York again defeated Philadelphia in the afternoon game it requiring sixteen innings to decide the issue 4 to 3. The contest was a battle between Ewing and Ames, with the former doing the better work. Devore was largely responsible for New York's victory. In the ninth inning he brought in the tying run.

Chicago, May 30.—After winning 11 straight games Chicago lost to St. Louis 3 to 1 in the afternoon game today. Manager Chance was out on account of a finger sprained by Huggins in the morning game. The last game Chicago lost was when Chance was out, but he has played in the last 11 games and all were victories. Sallee held the losers safely all the way and was strong in the pinches. Chance shook up his line by sending in several pinch hitters but they failed to connect.

Brooklyn, May 30.—Brooklyn won the afternoon game with Boston 3 to 1, through a sensational fielding behind Rucker in which Hummell was the star. The latter figured in two fast double plays at critical times, a one-handed catch of a low liner in the sixth spoiling a rally by the visitors. His batting too was timely, his pair of hits sending in two of the three runs. Curtis pitched strongly after the second, but was taken out in the eighth to let Graham bat for him.

Pittsburg, May 30.—Pittsburg broke its losing streak today by taking two games from Cincinnati. The morning battle was won easily 13 to 7. Spade being found for 19 hits. The afternoon contest was captured 7 to 4 in a seventh inning rally of singles aided by Mitchell's wild throw and a base on balls. Maddox was hit freely in the first inning, allowing four runs, but after that was steady and held the visitors to no further score.

Morning Games.

Brooklyn, May 30.—Bell's masterly pitching shut out the Boston National League Club this morning by 2 to 0. The big fellow allowed only one hit and only 28 men went up to the plate. Hummell's single, a safe bunt, a sacrifice and an infield out, scored the Brooklyn's first run. Dauberts' home run was responsible for the second. Brooklyn fielded brilliantly, Tony Smith starring. Frock pitched well.

AMERICAN LEAGUE.

New York, May 30.—The New York Americans today twice took Washington into tow, allowing the visitors only one run for both games. Ford had the better of the pitcher's battle with Oberlin in the morning game and the Yankees won 3 to 1. The afternoon contest was played on a rain soaked diamond, New York winning 3 to 0. Vaughn pitched a steady game for the locals and batted in two of the runs.

Morning Games.

Boston, May 30.—Cicotte strained a cord in his neck today in the second inning of the forenoon game with Philadelphia, and the two Boston pitchers who succeeded him were batted hard. Coombs was particularly effective when men were on bases. In the fifth inning with no one out, Boston filled the bases but only one man covered the plate. Stahl was put out of the game for disputing a called strike.

HARVARD LOSES RACE.

Defeated by Cornell Oarsmen—Freshmen Race Also.

Boston, Mass., May 30.—Sixteen strong Cornell oarsmen swept Charles river today, the 'Varsity crew defeating Harvard in a beautiful race by a full length while the freshmen completely outclassed the Crimson eight, winning by six lengths.

It was Cornell's short, choppy stroke that proved superior to Harvard's long rhythmic swing. The Harvard oarsmen seemed to have plenty of power, but for some reason Stroke Cutler was content with an even 32 from start to finish and although this held Cornell for the first mile in rough water, in the last half of the race, Cornell's swift paddles and numerous spurts drove their shell steadily away and there was a bit of open water between the boats as they darted across the line. The time of the 'Varsity race was Cornell 11:23; Harvard 11:27. In the freshmen race it was Cornell 11:15; Harvard 11:36. The water was rough.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Mexican MUSTANG LINIMENT

An unfailing remedy for the ills of your Livestock and especially valuable in cases of Caked Udder and Sore Teats in Cows.

Saves Loss in the Dairy.

LYON MANUFACTURING CO.,
BROOKLYN, N. Y.

GENTLEMEN:—It seems to me among your claims as to the efficacy of **Mexican Mustang Liniment** you hardly give prominence enough to its wonderful curative power on inflamed and caked udder in cows. I have used it for two years in my stable and since I began its use have not had a case which was not relieved by a few applications. A thorough bathing of the udder with hot water followed by gentle and persistent rubbing in of the "Mustang" will, I believe, cure any case, leaving the teats in good order—unless suppuration has already begun. If all others in the dairy business knew this it would save much worry and loss. Respectfully,

MRS. A. I. YOUNG,
Columbus, Ga. The Pines Dairy.

AFFAIRS AT STATE CAPITAL

Sale of Bonds Cause of Much Concern —A. & M. College Commencement —Other News Notes of General Interest.

(Special Star Correspondence.)

Raleigh, N. C., May 30.—Governor Kitchin and members of the Council of State are exerting every possible influence to secure within the next week or two bids sufficint to take up the remaining $2,234,500 North Carolina four per cent forty-year refunding bonds to liquidate the $3,430,000 bonds falling due July 1st so as to avert the necessity of calling the Legislature in extra session.

The bonds, under the constitution, cannot be sold for less than par and they must be sold through public bids. Banks in North Carolina and insurance companies in and out of the State, along with big corporations, generally that invest in such securities, are being appealed to to put in bids for at least par for such quantities as will assure to floating of the whole issue. The last Legislature beset the bond issue act with restrictions that the Governor and Council of State have no latitude in the matter at all. They cannot even exchange new bonds for old ones without calling the Legislature to authorize it. Nor can they borrow any sum of money with which to take care of the difference between the amount of bonds they are able to sell and those falling due and that must be met to save the State. Even this would require the assembling of the Legislature in extra session to grant the authority. General regret is heard here that the Legislature should have seen fit to so restrict the power of a State administration in dealing with its financial affairs, some going so far as to declare that certain agitators in the assembly at heart grafters and wishing to pose as special guardians of the people's interests, are responsible for this situation that promises to entail the cost of an extra session of the Legislature is addition to seriously embarrassing the State's credit the country over. It will probably be several days before any further announcements from the Governor and council are forthcoming. Then it will be either that the bonds are at last floated or that there will be an extra session of the Legislature forthwith. It is estimated that the Legislaure can be assembled within ten days after a call is issued. It would take probably a week to take care of the bond situation. Then it is problematical as to whether their work could be confined to this, or what bills and situations would be precipitated.

The A. & M. College commencement opened yesterday morning with the baccalaureate sermon by Rev. David W. Howard, D. D., of Norfolk, who delivered before an immense audience a sermon that is declared to have been probably the most striking sermon to graduates heard here this commencement season. He appealed to the young men to have a care to their course in life as care would be taken as to the races on race courses, never losing sight of the fraternal relations that men should maintain with each other, and more especially the cultivation of the Christian side of life. He appealed for a well rounded Christian manhood. There are 82 graduates to whom the sermon was especially addressed.

The college alumnae held an annual meeting today and the annual address to the alumni will be delivered tonight by Prof. I. O. Schaub. Then tonight at 9 P. M. there will be the annual commencement address by Hon. Richmond Pearson Hobson. The diplomas to the graduates and other graduating exercises will take place Tuesday morning at 11 o'clock.

A charter was issued today for the Alamance Hospital (Inc.), Graham, capital $100,000 by W. G. Stafford, J. A. Long and others with authority for maintaining a general hospital and turning out graduate nurses.

Adjutant General J. F. Armfield is notified by the United States Navy Department that the government will turn over to the North Carolina Naval Reserves the torpedo boat Dupont, which is now at Charleston, where it will be formally turned over to the North Carolina authorities just as soon as officers and a crew of the North Carolina Naval Militia can be sent down there to receive it. A crew of six men from the Navy Department is kept on the boat all the time by the government and they will be retained after the boat is turned over to the State. This makes two boats at the disposal of the North Carolina Naval Militia, the other being the Elfrida, already stationed at Newbern. It is considered probable that the Dupont will also be stationed at Newbern at least for the present. It would probably go to Wilmington but for the fact that the division of Naval Reserves there was recently disbanded.

At the urgent insistence of Adjutant General Armfield, the War Department has granted additional funds that will make it possible for the Fifth Coast Artillery division—the Battery, Charlotte, to join in the coast defense practice at Fort Caswell August 5th to 15th.

The fact that the fire alarm apparatus was out of order and the water pressure decidedly off at the time that the fire started, was accountable for one residence worth $2,000 being totally destroyed and two others badly damage on Hargett street. The building destroyed and one of those damaged was the property of Miss Emma Stunkel. The other is the property of President Jno. A. Mills, of the Raleigh & Southport Railroad.

Hon. F. F. Crouse, insurance commissioner for Maryland, is in the city for a few days conferring with Insurance Commissioner Young, of the North Carolina Department, relative to joint examinations of insurance concerns when such examinations are considered advisable. Commissioner Crouse is chairman of the committee on examinations, of the National Association of Insurance Commissioners, and Commissioner Young is the secretary.

The executive office of Gov. Kitchin was closed today, the Governor and his private secretary, Col. Alex Feild, being in attendance on the University of North Carolina commencement.

The "reform" or "insurgent" faction of the Democratic party in Wake opened its formal campaign against the "regulars" or "ringsters" as they denominate them, at Cary Saturday night when Chairman J. W. Bailey, Millard Mial, candidate for clerk of the court and H. D. Rand candidate for sheriff, were the speakers. They charged insincerity on the part of the present county officers in their advocacy of the salary system, a special hobby of the "reformers," insisted on rotation in office. There was also strenuous protests against lugging the prohibition question into this fight under the guise of "local self government." The "reformers" are appealing for rallies of their followers in every precinct of the county.

CO-OPERATIVE CREAMERY.

One to be Set in Operation at Hickory —Will Make 500 Pounds Butter

(Special to Charlotte Observer.)

Hickory, May 29.—The making of five hundred pounds of butter in the presence of three thousand of Catawba's farmers and their wives and children is the scheme proposed for the opening of the new creamery here next Saturday. The cream from which this butter will be made will come from some of the finest herds on the American continent, for Catawaba county contains such.

The creamery is to be conducted on the co-operative plan, and between thirty and forty of the most successful farmers, some who have been dairying on a small and some on a large scale, will be the partners in it. The number of cows they have pledged is five hundred. Special arrangements for hauling the cream to the creamery have been made with the Southern and the Carolina & Northwestern railroads, and the raw material, so to speak, will be carried from Granite Falls, Lenoir, Catawba, Conover and such points and even as far away as Mooresville to the creamery. A wagon or two will haul from the various farms. An expert Northwestern butter maker has been secured to manage the plant.

The old ice factory has been rented for the place of manufacture of the cream into butter. The cream itself will be offered on the market and it is probable that it will be shipped as far south as Florida. An arrangement is also likely to be made for keeping eggs in cold storage at the plant for shipment as there is demand.

Catawba, as is well known, is the greatest dairying and egg county in the State.

On this gala day, next Saturday, the distinguished guest of the creamery promoters will be B. R. Rawls, chief of the dairy division United States Department of Agriculture. Mr. Rice, a successful dairy farmer from Virginia, will also be here on this occasion.

The people who attend will be able to see butter made under the best sanitary conditions from the product of the finest herds. Mr. R. L. Shuford, of this county, has a herd of one hundred cows and sells his butter nine months in the year to the State Normal and Industrial College at Greensboro. Mr. John W. Robinson has a big herd and makes a beautiful butter. Mr. Robinson was a few years ago a clerk in a Hickory store. His father owned a good deal of land and a friend suggested to Mr. Robinson that he use some of it for a dairy farm. He has done so and has made a financial success and has risen to the front rank of leadership amongst the farmers of the county. The Lutz family own a chain of dairy farms, "The Dutch Dairy Farms," and they won four out of the prizes offered this year by the State Agricultural Department for the best butter. A Charlotte man came in for one prize. There are dozens of small dairy farms in Catawba whose butter brings excellent prices. These are being linked in this co-operative project.

To Mr. W. J. Shuford is due probably more than any one man the credit for bringing this project to success. Mr. Shuford is a member of the State Board of Agriculture and has labored ceaselessly, often in the face of overwhelming obstacles and seeming indifference, to push this good thing along.

At a meeting of the creamery association yesterday the following officers were elected:

Messrs. J. W. Robinson, president; H. P. Lutz, vice president; W. J. Shuford, secretary, and D. M. McCombs, treasurer, and Messrs. L. H. Seitz, D. Fry and W. R. Lutz directors.

PAPER COMPANY FAILS.

Plant at Newbern in Hands of Receivers—Ice Company—Schools.

(Special Star Correspondence.)

Newbern, N. C., May 30.—The Carolina Paper & Pulp Co., with a plant across Trent river from Newbern, has been placed in the hands of receivers and its affairs will be wound up. Messrs. R. A. Nunn and T. D. Warren have been named receivers by the court. This company was promoted a few years ago and its stock heavily advertised as a great thing to investors as it was to make paper out of cotton stalks, etc., and the stock sold in many places. From what can be learned of the condition, the creditors will realize something on their accounts, but the stockholders will get nothing except some dearly bought experience.

The People's Ice Co., whose factory is located on the N. S. R. R., near the National avenue, has begun the manufacture of ice in their new plant and now have their product on the market. They have entered the local trade and have their wagons on the streets.

The trustees of the city schools have re-elected Supt. H. B. Craven and all the other teachers for the ensuing year, except two who did not apply.

The schools are just closing a very successful year and will have the commencement exercises on Tuesday and Wednesday nights. There are 25 teachers in the white schools and nine in the colored, a total of 34 teachers in the entire system. This is the first year that the departments of vocal music, manual training and domestic science have been in operation and all of the departments have been very successful.

ENGAGED IN BLOCKADE.

Death of Mr. F. W. Gregory at Enfield —Was Confederate Veteran.

The Enfield, (N. C.) Progress, of May 27th, notes the death of Mr. F. W. Gregory, one of the oldest and most prominent citizens of that town. He passed away on Monday last, aged 70 years lacking one day, having been born at Enfield in June, 1841. He is survived by his widow and one child. Mr. Gregory was a Confederate Veteran and had an interesting career, concerning which the Progress says:

"We know of no man who has had a more interesting career than Mr. Gregory. When the war broke out between the States he was living at Bloomington, Ind., but promptly returned to his native State and enlisted in the Southern army and served through about two years when he was detailed for the signal service. Later he was attached to the signal service in the blockade running at Wilmington, and had the distinction of being the first man to successfully operate signals from the deck of a vessel. During his connection with the blockade running he had many thrilling experiences and narrow escapes, but finally was captured when his ship was run down at sea. He was thrown into prison in the Tombs of New York City with several of his crew, but escaped. After his escape from the New York prison he went to the West Indies, then back to Halifax, Nova Scotia. At the close of the war he returned to Indiana and there was engaged in railroading. For many years he railroaded in the West, being among the first to run an engine over the Union Pacific Railroad into Cheyenne, Wyoming, when that road was completed to that point. Some time in the seventies he came back to his native county and settled where he was successfully engaged in business up to the time of his retirement from active life."

GOOD NEWS FROM CALYPSO

Miss Lee, Having Tried Many Medicines Without Benefit, Recovers Rapidly, by the Use of Cardui.

Calypso, N. C.—"For three years," writes Miss Julia Lee of this city, "I suffered with almost everything a woman could, more especially, acute inflammation. I tried three doctors, with but little benefit, and had almost lost hope, when I decided to take Cardui.

Now I am in better health than I have been for three years."

One medicine will not cure every kind of sickness, because different medicines act on different portions of the body.

The troubles of most women who are delicate, arise from simple lack of strength. The most obvious way to help them is to give them a remedy which will bring them the particular strength they lack.

Cardui's success in benefitting and curing sick and ailing women, is due to the fact that it gives women strength where they most need it.

Being composed exclusively of vegetable ingredients, which act gently and sympathetically upon special organs, it is a tonic which is at once regulating and rebuilding.

Fifty years of success prove that this is fact. Try Cardui today.

Doctors Agree

that much of the illness of children can be traced directly to unsanitary refrigerators, and many cases of typhoid fever can also be traced to an ill smelling, foul, zinc-lined ice box.

A good refrigerater is the best "health insurance" you can have, as it safeguards the health of your family and keeps your food clean, fresh and pure.

McCray Refrigerators

are endorsed by physicians, hygienists, and sanitary experts, and are not only better than ordinary refrigerators, but are much more economical as they require only one-half as much ice as an ordinary refrigerator, They are so perfectly insulated that they are as nearly as possible cold and heat proof, and therefore have an active circulation of absolutely dry, cold, pure air with the minimum amount of ice.

Let Us Tell You Why

McCray Refrigerators are superior. Come in and see them for yourself, and let us give you the names of some of the people who are using McCray Refrigerators. Then call some of them up on the 'phone and ask them if they are satisfied with the McCray. Don't take our word—ask someone who is actually using a McCray.

Cool Kitchen—Perfect Cooking

The housewife with years of experience—the woman who knows how to cook—finds, after practical tests and hard trials, the New Perfection Oil Cook-Stove is her idea of what a good cook-stove really ought to be.

She finds it requires less attention, costs less to operate, and cooks all food better than any other stove she has ever tried.

She finds the New Perfection oven bakes and roasts perfectly. The

New Perfection
WICK BLUE FLAME
Oil Cook-stove

has a Cabinet Top with a shelf for keeping plates and food hot. There are drop shelves for coffee pot or saucepans, and nickeled towel racks. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION." Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

The census score will soon be coming in and census takers may as well be prepared to take all that is coming to them as well as the umpire.

Former President Roosevelt has attracted as much notoriety in his own way as President Taft has in the way that has been thrust upon him.

"What is the test of a true North Carolinian?" someone inquires. The man who can stand for what Zeb Vance stood for and fight for what Zeb Vance fought for will stand what comes within an ace of being the best test.

"Victory is just ahead of the Democracy," so Senator Chamberlain declares. We have always seen it "just ahead," but just at the wrong time somebody greases the track with a fool idea that causes the chasers to fall down.

The Hon. S. S. McNinch, of Charlotte, recently left the house of his friends to take to the woods with the Republicans. Some of the old line Republicans show signs of coming out in the open to declare that Mr. McNinch ought to come in as a recruit instead of as chief of the camp.

James A. Patten made more than a million dollars in cotton speculation and immediately lost that much or more in his gambling operations on the Chicago grain market. Patten had the nerve to get in the game but he didn't know enough to watch the clock and get cold feet at the right time.

The San Francisco Chronicle notes that it is estimated that "Alaska has 16,000,000 tons of coal in sight." A lot of that coal has caused a great deal of trouble to Secretary Ballinger because it is alleged that he made it easy for the Guggenheim syndicate to see it first.

The newspapers are giving wide publicity to the fact that Vice President Sherman shook hands with Ty Cobb a few days ago. Ty don't mind shaking hands with a pretty good fellow when he knows that his handshakes are calculated to make the other man become better known.

Ex-President Roosevelt has done Oxford University the distinguished honor of having accepted the degree of Doctor of Laws recently conferred upon him by that great English educational institution. It is hardly necessary to remark that the Colonel approves of Oxford's discrimination in his favor.

The Louisville Courier-Journal says one of the richest men in North Carolina died not long ago, and lays special stress on the fact that he was a farmer worth $2,000,000. The man's name is not called, but in eastern North Carolina there are plenty more lands just like those which put that man in the millionaire class.

Some of the Republicans are ready to make oath that two or more of their candidates are not Republicans, while some Democrats are challenging the Democracy of several of their candidates. The candidates ought to be made to show the courage of their convictions by making a declaration of principles. It is quite likely that some of them don't know whether they have any or not.

Col. Roosevelt has expressed the desire that his reception in New York when he comes from Europe in a few days shall be made as simple as possible. If he were to be taken at his word he would be the unintentional cause of his own bitter disappointment. Many a man has declined the second helping of fried chicken when everybody knew that he wanted it all right.

BUTTING IN.

The Greensboro Daily News (Rep.) on Sunday pretended to show up the "failure of a Democratic government" in North Carolina and says by way of introducing its bill of indictment:

"We have been accused of butting in; but we are going to present some facts and discuss some principles of government in connection with the way the Democrats are administering affairs in North Carolina."

The News makes much out of the divisions in the Democratic party in several counties, but pays most of its respects to Wilmington. Among other things the following is said:

"Here recently Wilmington, dear old city by the sea, charming in hospitality, heir to an aristocratic respectability, buoyant in its commercial progress and long inured to the most inefficient Democratically imposed government, has taken its place in the book of revelations. Her Democratic citizens have revealed, and are revealing, the impotency of Democratic officialism, the hydraheaded local government imposed on it by the State Democratic Legislature, and an extent of lawlessness that renders the situation in that city one that does not prove the possession of all virtue, respectability and love of local self government to be the monopolized attributes of the Democratic party, as certain of its exponents would have the dear people of the State to believe. And Wilmington seems to be moving in its cycle of revolution to open revolt. It seems that Wilmington is provided with enough officers to govern the whole State."

All of the above and a great deal more besides is said because of the apparent failure to enforce prohibition here, but that is a condition not alone peculiar to Wilmington, but is a problem which has never yet been solved in several hide-bound Republican States where prohibition laws prevail and where prohibition is not completely enforced. The complete enforcement of any law is not guaranteed by any party but where good order is maintained and the laws are generally enforced there is little to be blamed to party. Parties represent principles and those whose duty it is to enforce the laws are responsible to the party. We don't know of any party that has ever enforced all the laws and we never heard of a party which endorsed failure to administer the laws.

The question of the administration of the prohibition law here, as best as it possibly could be done under the conditions that would prevail with any party in power, is a disputed question with which we have nothing to do, but whether it is not enforced or is enforced, a party gets the credit for passing wholesome laws and not the discredit when officers fail to enforce them after using every means in their power to do so. While the conditions in Wilmington may not be ideal and there may be a difference of opinion as to whether one party could enforce the prohibition act any better than any other party, the conditions existing in Wilmington are not such as to make people expect either good government or the enforcement of the law at the hands of the Republican party.

It might be said for the information of the News that the conditions which it lays at the door of the Democratic party are not so intolerable as those which existed under the Republican party from 1894 to 1898. The worst conditions now are not one per cent. as bad either in the quality of government and the enforcement of the laws as they existed in the halcyon days of Republicanism and fusion. Even the hydro-headed local government beats that all holler. No one denies that there may be too much division of power and responsibility, and there may be reasonable complaint of a complete enforcement of law, but we know of no one who would swap present conditions for the misgovernment and negroism which prevailed in Wilmington then to such an extent that it called for Winchester rifles.

Our Republican contemporary lays great stress on local self-government, not remembering probably that the party which it is now standing for gave Wilmington a fine dose of local self-government from the seat of government at Raleigh. That party's Governor appointed all the aldermen of Wilmington under an act which took local self-government entirely out of the hands of the people and left it in the power of the Governor to establish whatever kind of a local government he desired. The one which the Republican party gave us is too well remembered for any sane man to wish to have it repeated. No capital can be made out of conditions now existing by what the News thinks it has discovered, in this community especially.

The Ohio Republican officeholder who committed suicide must have been terrified at the Democratic prospects. The mere thought of losing their place at the pie-counter is sufficient cause for mental abberation on the part of the "ins."

A traveling man cannot charge tips to his expense account according to the decision of a New York court. They will do so, however, if they take a notion to reverse the court decision after giving it a few minutes consideration.

It is now said that Dr. Cook will reappear and show positive proofs of his alleged discovery of the North Pole. Proof nothing. That don't count. Look what the Ballinger investigating committee is doing to it.

AIR NAVIGATION.

In a day the navigation of the air is one of the possibilities that the world had fully demonstrated to it on Sunday when the distance between New York and Albany was covered in less time than the quickest trip ever made by steamer or by rail.

George H. Curtiss flew from Albany to New York in an aeroplane on Sunday, making the distance of 137 miles in two hours and thirty-two minutes. It was the most wonderful feat of aviation, and entitles Curtiss to the $10,000 prize offered by the New York World. His average speed for the distance was 54.06 miles an hour, which surpasses any record ever made by an aeroplane in a long distance flight. The airship left Albany at 7:03 o'clock in the morning and landed within the bounds of New York at 10:35 A. M.

If the old timers could wake up they could hardly believe that Curtiss flew through the air between the two cities, and by five minutes beat the fastest time ever made by a train from New York to Albany. The fastest railroad time between the two cities was two hours and forty minutes, compared with two hours and thirty-five minutes for the trip by the navigation of the air.

On September 12, 1614, Hendrik Hudson, in the Half Moon, sailed from New York on his first voyage on the Hudson to Albany in five days. An August 17th, 1807, Robert Fulton's trip to Albany on the steamboat Clermont was made in 32 hours. On October 23, 1835, the steamboat Champlain raced to Albany in nine hours and thirty-one minutes. In April, 1910, Edward Payson Weston walked from Albany to New York in five days. These records are given to show in what a fast age we are living compared with the days of Hudson and Fulton, and to emphasize the fact that the air may yet be utilized to land passengers from one point to another in competition with the railroads.

If aviation makes the progress that it has in the past ten years we may see in the next decade a practical demonstration that the air can be utilized for traffic.

BAD JUDGMENT AND POOR TASTE

The following is taken from the editorial columns of the esteemed Greensboro Telegram:

"The nomination of S. S. McNinch, former mayor of Charlotte, for Congressman by the Republicans of the Ninth Congressional District, and his acceptance of the nomination have been much discussed. Of course, if Mr. McNinch has become convinced that the Republican party is a better party than the party to which he formerly belonged, and which honored him, he is excusable for becoming a Republican. But we cannot think that he has examined quite thoroughly enough the relative merits of the two parties."

Editor Haywood's suspicions are clearly justified. With the reconstruction and fusion history of the Republican party still staring a man in the face, the choice of that party indicates a poverty of judgment, a vitiated taste or a disintegrated memory. We are mighty sorry to see a man showing signs of all three afflictions and it is to be hoped that the people of the Ninth Congressional District will not aggravate the case by giving the Charlotte man a seat in Congress. The best remedy for one so afflicted is to keep him severely at home and the voters in the Ninth can do that by returning the Hon. E. Yates Webb to his seat in Congress.

The re-election of Mr. Webb will express the patriotism as well as the good sense of the North Carolinians who vote in the Ninth. All who vote for Mr. Webb can then lay their hands on their hearts and honestly and conscientiously sing "Carolina."

"Do everybody good" is the injunction of the Charleston News and Courier. Yes, but it is not everybody that is going to let you do them if they can help it.

From the action of the State Republican executive committee in selecting Greensboro as the meeting place in preference to Charlotte, it appears as if the gentlemen took no stock in the idea that by going to Charlotte Mr. McNinch's chances of election would be enhanced.—Greensboro Record.

The Motuans of New Guinea have a curious story about the origin of yams. They think that yams first grew from bones. This was how it happened. A Motuan girl who had five brothers married a cannibal who lived some distance away. The brothers came by turns to visit her and four of them were eaten by the cannibal husband. The wife, however, kept their bones, and when the fifth brother came, instead of being eaten like the others, he succeeded in killing the cannibal husband and returned to his home with the bones of his brothers. The bones were duly mourned over and buried. When the relatives visited the place where the bones were buried some time later they found a strange plant growing upon the grave, and on digging up the bones found they had turned into yams of different colors and sizes.—New York Tribune.

Sticklers for hygiene will be pleased to hear of the latest dictum of medical associations in Eastern cities as to the germ susceptibility of a smoker's pipe. The "bit" of a pipe is every bit as much of a germ magnet as a moistened cigar end or a cigarette. Doctors have warned smokers for years against using public cigar clippers and against laying down a partly smoked cigar or cigarette on the edge of a desk, table or window sill. Recently the ban has also been placed on pipes. "Don't lay a pipe down either," says the medical high-brows, "particularly, if it has a curved stem. A pipe will not stay 'put' but will roll a little to readjust itself unless it is laid down with the greatest care. The saliva-moistened bit could pick up a few odd million microbes just as easily as not." And so, it would seem that the only safe way to lay down a pipe, except in a rack, is not to lay it down at all.—Philadelphia Record.

The grand jury in its report recommends that the county money be placed in the bank that will pay the best rate of interest on it. The recommendation is a good one and should be adopted promptly. Every year the county or the Board of Education has to borrow money and pay interest on it. We have heard it stated that the amount of interest on money borrowed last year to pay the school teachers was over $2,500, and from all accounts the amount of interest that will have to be paid this year will be approximately $4,000. It is stated the county has on deposit a good part of the year, $60,000. Why shouldn't it have the interest on it? It is the duty of the county authorities to get from the revenues the best results they can, and if they can get a few thousands of dollars in interest there is every reason why they should do so. Indeed, if they fail to respond to this recommendation of the grand jury it is probable that an explanation will be called for.—Savannah News.

The Chicago platform of the Republican party promised tariff revision downward; there was no revision of any kind worthy the name. It promised a postal savings bank: so far there has been passed no law looking to the redemption of this pledge. It promised Statehood to Arizona and New Mexico; these are still Territories. It promised a permanent currency system; it has given us no system, permanent or otherwise. It promised a continuation of the policy of conserving our natural resources; it has given us Ballinger. It urged shipping subsidies; there has been no legislation along these lines. These are some of the pledges made by the Republicans of the United States in convention assembled that have never been redeemed. Some of them have never been taken up by Congress, some have been defeated and in some cases there has been made a bluff at redemption and nothing more. The redemption of some of these, such as the granting of ship subsidies, would be a bad thing for the country, but that does not excuse the Republican party for making promises and then refusing to keep them. One of the things that "the party that does things" can do better than any other party is to violate platform promises.—Richmond Journal. (Dem.)

McNinch, the ex-Democrat of Charlotte, who has been named for Congress by the Republicans in the Ninth, thinks he can do the Morehead act. He should remember that Morehead made no speech, gave out no interviews, didn't permit his fellow citizens even to see him, and didn't even vote for himself, being out of the State on election day. Therefore Morehead's backers could easily represent to Democrats that Morehead was simply a business man in sympathy with progress and represent him to Republicans as an earnest Republican. By thus presenting him as a sort of political Dr. Jekyll and Mr. Hyde, the dissatisfied Democrats elected him to Congress. But McNinch will find that this trick will not work twice in the same State and Morehead will not go in again by it. The Asheville Gazette-News, edited by the former Republican editor of the subsidized Greensboro News, sees the McNinch fake game, and says: "We may be wholly mistaken in this, but we have somehow got the idea that Mr. McNinch is one of those Republicans, if he has got to the point of admitting his affiliation with that party in State matters, who would take the first train to Washington the day after his election, along with John Motley Morehead, and use the prominence acquired through Republican support, to push along the impression in Washington that the only way to build up a respectable Republican party in the South in general and in North Carolina in particular, is to kill off all the old line Republicans who had the hardihood to acknowledge their Republicanism at a period when to do so was not popular." A good pen picture, truly, and that's the scheme. But it works only once in a generation and Morehead worked it at the only psychological moment.—Raleigh News and Observer.

BLESSED AUDIENCE AND DIED.

Aged Sunday School Superintendent Ended His Life in Prayer.

(Special to Charlotte Observer.)

Randleman, May 29.—Just after delivering an address before the Randleman township Sunday school convention, at the auditorium, Wilson Davis, an aged citizen and superintendent of St. John's Sunday school, of this place, dropped dead in the convention hall.

He closed his address with "May God be with you till we meet again," and taking his seat suddenly expired.

THIS CITY GETS CONVENTION

The Fifth Judicial District Convention, for Nomination of a Solicitor, Will be Held in Wilmington July 8th.

The Democratic Executive Committee of the Fifth Judicial District met in the Court House, this city, yesterday at noon and selected Wilmington as the place and July 8th as the date for the convention. The only matter of importance before the convention will be the nomination of a candidate for solicitor. There are three candidates in the field, as follows: H. A. Grady, of Clinton; H. D. Williams, of Kenansville, and H. E. Shaw, of Kinston.

The meeting of the committee was called to order by Chairman H. A. Grady, of Clinton, shortly after 12 o'clock. He requested J. O. Carr, Esq., who held the proxy of G. V. Cowper, of Kinston, to take the chair. The Star representative was asked to act as secretary of the meeting. Being a candidate for solicitor Mr. Grady tendered his resignation as chairman and also as a member of the committee, and upon motion J. D. Kerr, Esq., of Sampson, was elected in his stead. H. D. Williams, Esq., member of the committee from Duplin county, tendered his resignation for the same reason, and Mr. George R. Ward was named to fill the vacancy. Mr. Grady stated that he had the proxy of Mr. Frank Thomson, of Onslow county, and that it might be used by his successor, Mr. Kerr. Upon motion Mr. Kerr was allowed to cast the vote of the Onslow representative. Mr. J. O. Carr read a letter received from Mr. G. V. Cooper, of Kinston, requesting a member of the law firm of Rountree & Carr to represent him at the meeting, Mr. Carr being present by authority of the letter, and Marsden Bellamy, Esq., represented Wm. J. Bellamy, Esq., member from New Hanover, who was busy in a magistrate's court at the time. Mr. R. K. Bryan, of Scott's Hill, represented Mr. C. E. McCullum, of Pender, who was unable to be present.

Mr. J. D. Kerr was elected chairman to fill the unexpired term of Mr. Grady upon motion of Mr. Ward. Mr. Kerr took the chair and stated that the first business before the committee was the selection of a place for the judicial convention. Marsden Bellamy, Esq., moved that the convention be held at Wrightsville Beach, New Hanover being neutral ground, so to speak, and also called attention to the fact that the delegates would find it much cooler at the beach than any other point in the district. Mr. Ward said that he thought Warsaw more centrally located and while the town did not have any elaborate hotel accommodations he thought the convention could be taken care of all right. He therefore moved that Warsaw be selected. Mr. Carr said that personally he preferred that the convention be held in Wilmington or at the beach, but under the instructions of Mr. Cowper he would have to vote for Warsaw. The vote being taken resulted in a deadlock as follows: New Hanover, Wrightsville Beach; Lenoir, Warsaw; Duplin, Warsaw; Pender, Warsaw; Onslow, Wrightsville; Sampson, Wrightsville. Mr. Ward raised the point that the chairman, after casting two votes in favor of Wrightsville, thus making a tie between Wrightsville and Warsaw, should not be permitted to break the tie. After some discussion Messrs. Grady and Williams, who were in the corridor, were called in and asked where they would like for the convention to be held. They said that either Burgaw or Wilmington would be satisfactory to them. Marsden Bellamy, Esq., then moved that the convention be held in the Court House in Wilmington. The motion was seconded by Mr. Carr and carried with but one dissenting vote, Duplin's representative voting for Burgaw.

Upon motion of Mr. Bellamy Friday, July 8th, at 2:30 P. M., was selected as the date and hour of the convention. There was no further business before the committee and adjournment was taken.

Excursion From Charlotte in June.

Charlotte News, 29th inst.: "The best excursion ever conducted by Pritchard Memorial Sunday School is what the one to be run to Wilmington on June 28th promises to be. The train will leave Charlotte Tuesday morning and the excursionists will be allowed to spend Wednesday and part of Thursday in the city close to the sea. Returning the train will leave Wilmington on Thursday, thereby enabling the excursionists to spend one whole day and a part of two days in that city. A boat ride on the City of Wilmington, Capt. J. W. Harper in charge, will be a pleasant feature of the trip."

THE RURAL LETTER CARRIERS

Regular Annual Meeting of Eastern North Carolina Association Held Here Yesterday Morning. Officers Elected.

The regular annual meeting of the Eastern North Carolina Rural Letter Carriers' Association was held on the second floor of the postoffice building, this city, yesterday morning with President R. F. Gore, of New Hanover county, presiding, and a number of members in attendance. While there were not as many carriers present as was hoped for nearly every county in the district was represented. The most important matter before the association was the annual election of officers and election of delegates to the State convention.

The meeting was called to order at 11 o'clock by President R. F. Gore. After prayer by the chaplain, Mr. J. C. Jerome, of Rose Hill, the secretary, Mr. D. J. Ward, of Winnabow, called the roll, the following being present: R. F. Gore, Wilmington, R. F. D. No. 1; E. D. Pearsall, Rocky Point, R. F. D. No. 1; R. D. Pearsall, Rocky Point, R. F. D. No. 2; W. T. Robbins, Phoenix, No. 1; D. J. Ward, Winnabow, No. 1; S. L. Bradshaw, Rose Hill, No. 1; J. C. Jerome, Rose Hill, No. 2; A. C. Seawell, Chinquepin, No. 1; A. K. Mallard, Atkinson, No. 1.

The old officers were re-elected for the ensuing year as follows:

President—R. F. Gore.

Vice President—S. L. Bradshaw.

Secretary and treosurer—D. J. Ward.

Chaplain—J. C. Jerome.

Mr. S. L. Bradshaw was elected delegate to the annual meeting of the State Association to be held in Raleigh July 4th and 5th and Mr. E. D. Pearsall was elected alternate.

Upon motion the secretary was instructed to write a letter of sympathy to Mr. J. W. Gay, of Leland, an active member of the association, who has been confined to his home for several months on account of illness.

The association went on record as favoring the proposed rural parcels post.

Shortly after 12 o'clock the association adjourned to meet again in this city on Labor Day, which is the first Monday in September. In the afternoon the visitors went to Wrightsville Beach where they spent the time very plaesantly.

MUNICIPAL ASSOCIATION.

Programme Being Mailed Out by Capt. Thos. D. Meares.

Copies of the programme for the second annual meeting of the Municipal Association, as decided upon at a recent meeting of the executive committee, held in Charlotte, are being mailed out to the municipalities throughout the State by Capt. Thos. D. Meares, secretary of the association. The meeting will be held in Winston-Salem Thursday and Friday of this week and Captain Meares is advised that the attendance will be large. Among the mayors who have signified their intention of attending the meeting are those of Kinston, Fayetteville, Wilmington, Raleigh, Asheville, Mayodan, Madison, Snow Hill, Burlington, High Point and Warrenton. It is probable that Mayor Walter G. MacRae, o fthis city, and Aldermen S. J. Ellis and Fred W. Bonitz, will attend. The latter is now in Raleigh and will probably go from the Capital City to Winston-Salem tomorrow night. Captain Meares will leave Wednesday night and it is probable that Chairman M. J. Heyer, of the Board of Audit and Finance, will also attend from Wilmington.

LONDON PROPERTY SOLD.

Auctioned Off in Lots and as a Whole at Court House Yesterday.

The valuable London property at corner of Third and Chesnut streets, was sold at public auction at the Court House yesterday, Mr. M. J. Heyer being the successful bidder, for $13,700.

The property was first offered for sale in lots, the first two being bid in by Mr. A. David for $3,600 and $2,800, respectively; the third to Mr. B. G. Empie, for $2,800 and the last to Mr. J. G. Barentine for $3,050. Mr. Heyer was the successful bidder. On account of the desirable location of the property the sale drew a crowd and the bidding was spirited. Mr. S. M. Boatwright was commissioner. The sale is subject to the confirmation of the court.

Married Sunday Night.

Mr. William Ira Wilson, of Myrtle Grove Sound, and Miss Mary M. W. Williams, daughter of Mr. and Mrs. H. B. Williams, of Myrtle Grove Sound, were united in marriage Sunday night, the ceremony being performed at the home of the officiating magistrate, Justice J. P. Fergus, of Masonboro township. It is understood that it was a runaway affair.

At the Bijou Today.

Three excellent pictures will be shown at the Bijou theatre today, the titles being "The Polar Bear Hunt", "The Little Vixen" and "Her Sweet Revenge." They are very interesting pictures and will attract large audiences.

Take in That Newbern Excursion Monday, June 6th, Will be the Excursion of the Year.

The first excursion of the year to Newbern will be run over the Atlantic Coast Line by Thomas H. Knight, whose excursions are always a delightful treat. Don't let this opportunity to go to historic Newbern go by, but get in line and be counted among the happy throng of those who know a good thing, and enjoy a day of genuine pleasure among people whose hospitality is proverbial.

Train will leave Union Station at 7:30 A. M. and will leave Newbern on the return at 10:00 P. M.

The fare is so small that no one need miss it—only $1.50 for the round trip.

It will be a hard matter to find a better trip, especially when the cost is considered. ma 27-9t.

The cost of a Business Local is a small fee to pay for securing a good tenant.

MANY TRAVELERS ARE COMING

Big Gathering of the "Knights of the Grip" Latter Part of the Week—Details Being Arranged by Committees.

From reports received by officers of Cape Fear Council, United Commercial Travelers, and the articles appearing in the numerous newspapers throughout the Carolinas, the fourth annual meeting of the Grand Council of the Carolinas, to be held in this city Friday and Saturday of this week, will be the largest attended in the history of the organization. The general plans for the meeting have been arranged and announced in The Star and Grand Sentinel David Ray and other members of the local committees are this week arranging the details.

Mr. Ray yesterday announced that the grand parade on Saturday will form at Front and Chestnut streets in the following order: Platoon of mounted police, Metz's Band, Charleston, S. C.; Grand Council officers in automobiles, Charleston, S. C., Council, Raleigh Council, Charlotte Drum Corps, Charlotte Council, Columbia Council, Fort Caswell Band, Wilmington Council. The procession will move promptly at 9:30 A. M. and the following is the route announced yesterday, subject, however, to some minor changes: Up Chesnut to Third, up Third to Red Cross, Down Red Cross to Front, down Front to Nun, up Nun to Third, up Third to Market and down Market to the steamer Wilmington wharf, where the party will board the handsome boat for a trip down the historic Cape Fear river. It has been suggested that the owners of business houses and residences along the line of march make special efforts to have their premises cleaned up before Saturday and it is desired that as many as will decorate for the occasion. There will be hundreds of visitors in the parade and they will form a more favorable impression of Wilmington if the streets and premises are cleaned and the business houses and residences are in gala attire.

It is learned from the News and Courier, Charleston, S. C., that Greenville, S. C., will make a determined effort to land the 1911 convention and the News and Courier urges the South Carolina delegation to vote for the "Mountain City." The News and Courier says: "All the delegates to the T. P. A. convention, which met in Greenville a few weeks ago, voted that city and its people among the very best entertainers to be found anywhere. The boys in Wilmington will not make any mistake if they vote for Greenville the 1911 point of their convention."

The following found in another column of the same paper will be read with interest:

"Indications are that Charleston Council No. 406, U. C. T., will be represented at the Wilmington convention Friday and Saturday, of this week, by a larger delegation than that from any other council in the two Carolines. Reports from the members show that between thirty-five and forty will attend. Many will come into Charleston on Thursday and leave on the afternoon train; others will join the bunch on the road. A notable fact is that a large number of the Charleston wholesale merchants have given their men leave and have promised to pay their expenses; indeed, some of the firms have urged their men to attend, realizing the immense value to Charleston and to the men themselves."

From the Florence, S. C., correspondence of The News and Courier are taken the following items of interest:

"Mr. Lynn Burnett, of Wilmington, N. C., and a hustling U. T. C. man, was in Florence the past week. Mr. Burnett is one of the tallest traveling men and one of the jolliest of the boys that run into Florence. He has friends everywhere—Mr. A. W. Middleton, of Wilmington, N. C., who is a great U. C. T. man, and who represents Jeffress & Shelton, of Richmond, Va., never fails to spend Sunday in Florence if there is a possible chance to reach here. Mr. Middleton is one of the 'old men' on the road, having represented R. W. Hicks, of Wilmington, N. C., for many years—Mr. Arthur J. Ham, past senior counsellor of Florence Council, is the regularly elected delegate of that council to the Grand Convention at Wilmington, and he is getting his 'ducks in a row' to go. Arthur is certainly a peach when it comes to conventions, and having a high old time, especially so if there is to be any of the feminine folk along, and there will be quite a number at the June meeting."

Regarding the approaching convention The Columbia State of yesterday had the following:

"Several members of Columbia Council No. 294, U. C. T., will attend the meeting of the grand lodge convening at Wilmington next Friday. As delegates from the local council, C. H. Jones and W. E. Mikell will attend. E. Van Schaack and T. W. Hughes are members of the grand council. Lester Webb is senior counselor of the local council. The U. C. T. is the secret order of the traveling men and is a beautiful fraternity. It has been growing in this State by its own merit as well as through the efforts of such men as C. H. Jones, E. Van Schaack and others."

May Get Another Dredge.

Efforts are being made through the Engineer's Department to secure another dredge for work on the Cape Fear river. It will be recalled that the section dredge Cape Fear, until recently at work on the Cape Fear bar, was ordered to Beaufort to work in the harbor at that place and the purpose is to get another one in her place. The Engineer's Department is negotiating for a dredge at present at Galveston.

ASSAULT CASE IS DISMISSED

Young John Riggs Tried Yesterday Morning and Exonerated of Serious Charge—Hearing Lasted Three Hours.

Charged with attempted criminal assault upon Victoria Mason, wife of Mr. Louis Mason, of East Wilmington, last Tuesday afternoon, John Riggs, 22-year-old son of Mr. J. A. Riggs, of the same locality, was given preliminary hearing before Justice George Harriss in the Court House yesterday morning, the case having been removed from Justice Bornemann's court. After hearing the testimony and argument of counsel Justice Harriss announced that there was not sufficient evidence to show probable cause and the defendant was discharged.

The offense was alleged to have been committed at the home of Mr. Mason last Tuesday afternoon in the room occupied by young Riggs, who has been working for Mr. Mason off and on for the past five years, it was stated in court yesterday. Mr. Mason, it seems, went to the door of the room and saw young Riggs making improper advances toward his wife and upon the strength of the story of his wife that young Riggs had attempted criminal assault a warrant was sworn out against the young man Sunday afternoon and he was later arrested by Deputy Sheriffs Piver and Howe and committed to jail in default of $1,000 bond. A number of letters, alleged to have been written by Mrs. Mason to the young man, in which many endearing terms were used, were introduced in evidence by the defense, represented by L. Clayton Grant, Esq. She denied the authority of the letters, however.

There were only two witnesses for the prosecution, they being Mr. and Mrs. Mason and those who heard their testimony said that their statements varied in some respects. The defendant testified in his own behalf that he had been on intimate relations with Mrs. Mason for the past seven years. Other witnesses for the defendant were Thomas Simmons, J. O. Grimes, T. J. Gore, Forest Harper and George Madge, colored, and their testimony tended to bear out the statement of the defendant, especially that of the witness Gore. The prosecution was represented by Wm. J. Bellamy, Esq.

The hearing began at 10 o'clock and was not concluded until 1 o'clock. Owing to the fact that it was not generally known that the trial was in progress, there were comparatively few spectators in the court room.

Justice Bornemann stated after the hearing that he had advised the complainant not to take out a warrant against the young man, feeling certain, from information that had come to him, that it would be a hard matter to make out a case.

BETTER CLYDE SERVICE.

Three Steamers on New York, Wilmington and Georgetown Line.

An additional steamer has been placed on the Clyde Line between this city, Georgetown and the North, to afford better boat facilities for the merchants at these points and the first steamer under the new schedule will be the Chippewa, which is expected to arrive next Thursday.

The new steamer means an additional boat every two weeks and the new service will be a distinct advantage in consigning and receiving shipments to and from the North.

The three steamers on the line will be the Navahoe, Chippewa and Winyah, all of which have been operated on this line at various times. It will almost double the present service of the Clyde Line between these points.

The steamer Navahoe, which came to Wilmington regularly for a year or more, until the past Winter, when she was sent to ports further South by the Clyde people, arrived yesterday and is likely considered the first boat on the new schedule.

Mr. H. G. Smallbones, local superintendent for the Clyde Line, is very much pleased that an additional boat is to be placed in service between these points.

A RECORD FOR THE PORT.

Steamer Brought Safely Up River Drawing 23 1-2 Feet of Water.

The British steamer Holmeside, which arrived last Friday and was lightered of 300 tons of nitrate of soda at Southport, came up the river yesterday drawing 23 1-2 feet of water, which is the deepest draught for any steamer that ever came to Wilmington and is a record for the port. Capt. St. George, of Southport was the pilot.

The Holmeside came over the bar drawing 24 feet of water and she was lightered of about 300 tons by the tug Sea King, Capt. Williams, and a party of stevedores which went from here Sunday night.

The steamer is from the West coast of South America and brings cargo to W. R. Grace & Co. Capt St. George stated yesterday that the ship came up on a very poor tide and that it establishes a new record for the port of Wilmington. The steamer was brought up with perfect safety and docked at the Seaboard, where she will be discharged.

CERTIFICATES AND PRIZES

Awarded Yesterday to Pupils of Misses Hart and Brown—Close of the Session—Some High Marks Made.

In the school of which Miss Hart and Miss Brown are associate principals, the final examinations were concluded last Friday, and yesterday the end of the session was marked by the presentation of certificates and prizes. Certificates are given only to pupils attaining 95 per cent. or more in lessons or conduct; prizes are given in lessons, for 99 per cent., or for the highest number attained; in conduct, for the record judged by the principals to have been the most deserving; in punctuality, for 100 per cent., or for the highest number attained.

Certificates of proficiency in scholarship were won by Eliza Davis, 99.4; Mary Gils Bellamy, 97.9; Florette Schloss, 97.8; Elsa Bluethenthal, 96.6.

Certificates of excellent conduct were won by Alice Behrends, Harriet Bellamy, Mary Giles Bellamy, Elsa Bluethenthal, Eliza Davis, Jane MacMillan, Florette Schloss, Josie Wright and Mary Woolvin.

Prizes were awarded as follows: For attaining the maximum of punctuality, to Alice Behrends, Samuel Behrends, Harriet Bellamy, Mary Giles Bellamy, Elsa Bluethenthal, Eliza Davis, Emily Davis, Jane MacMillan, Florette Schloss, James Woolvin, Mary Woolvin, Samuel Woolvin and Josie Wright. (Lost, through sickness only, by Rosalie Burbank, Dougall MacMillan and Louis MacMillan.) For scholarships, to Eliza Davis; for conduct, to Harriet Bellamy; for needlework record, to Mary Giles Bellamy and Emily Davis; for writing, to Florette Schloss; for highest "total average", to Eliza Davis.

The Marion medal, for conscientiousness and courtesy, was this year earned by Elsa Bluethenthal.

NEAR BEER LICENSES

Board of Aldermen Will Probably Hold Meeting Tonight.

At midnight tonight the licenses of those doing a near-beer business in Wilmington will expire and those desiring to continue in the business must secure a new license under the new tax ordinance and the rather stringent restrictions. Mayor MacRae stated yesterday afternoon that a special meeting of the board would probably be held tonight to consider applications for renewal of licenses. All other special licenses also expire at midnight tonight.

FARE TO THE BEACH

Occasional Patron" Tells Why Fare to Wrightsville Should be Reduced.

Editor Star: The published account of the meeting of the beach property owners clearly shows that they are rather selfish inasmuch as they try to show that one of that fortunate class can be carried at a profit, for a smaller fare than can the occasional patron. Their logic from their viewpoint perhaps is sound, but I fail to see how it can be possible for a resident of beach, who once a day makes a round trip, to be hauled at a smaller cost to the Tidewater Company, than can the man, who, probably with a family of six, visits the beach once a week. You will see in one case that six trains are operated to get six fares from the beach resident while in the other case only one train is operated to get six fares from the poor man who stints himself in order to give his family a week-end outing. The occasional patron no doubt outnumbers the regular patron and should be given due consideration.

Many arrangements could be used in support of this contention as the field is broad both from a humanitarian standpoint and a business one. Surely our rich people are too democratic to advocate a measure whereby our poorer people are taxed to help pay for their transportation to and fram their Summer homes.

A more equitable plan would be the sale of books of tickets, containing, say, six tickets each, at a cost of $1.50. Then the rich and the poor would be equally benefited.

For years the people in this community have been looking forward to the time when they could take one more trip per week to the beach and which can be done only by the reduction of the fare.

Gentlemen, let us get together and work for our common good.

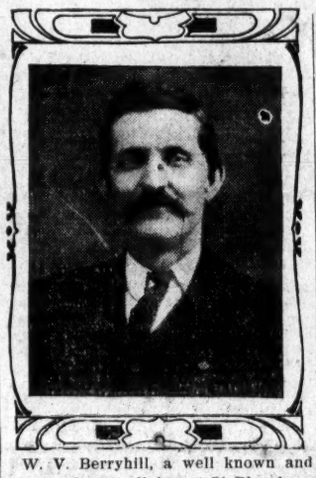
GAINED FORTY POUNDS IN FEW MONTHS' TIME



W. V. Berryhill, a well known and popular fireman living at 71 Bleachery street, Concord, N. C., has given out an interesting statement concerning his recovery from stomach trouble. He says:

"For several years I was in very poor health as a result of stomach trouble. It was hard to find food that I could digest, as many articles of diet produced a vast amount of misery and discomfort. I was also bothered a great deal with gas on my stomach.

"I consulted doctors and tried numerous remedies, but failed to get even temporary relief. I lost flesh became greatly weakened and run down, and felt dull and languid nearly all the time.

"Having failed to get relief after trying so many different kinds of medicine, I was at a loss what to do next. While reading my daily paper one day I chanced upon a statement from some one whose trouble had been similar to mine, and who claimed to have been restored to health by using Cooper's New Discovery.

"I purchased a bottle of the medicine at once, and by the time I had taken half the contents, experienced wonderful relief. Two more bottles made me well.

"I was soon eating anything and everything I wanted, and gained forty pounds in weight within a few months. This was over a year ago, and there has been no return of my former trouble."

Cooper's New Discovery, the medicine used by Mr. Berryhill, has earned an enviable reputation throughout the country. We sell it.—J. H. Hardin.

AMATEUR MINSTREL BENEFIT

Splendid Performance Given in Academy of Music Last Night to Fairly Large Audience—Proceeds For Band.

For the benefit of the recently organized Wilmington Band a big minstrel performance was given in the Academy of Music last night by well known and talented young men of the city. The audience was comparatively large and the minstrel boys provided fun and amusement in abundance for all. The performance was fully up to the advance notices and those in attendance declared that they never attended a more enjoyable entertainment of the kind by local talent.

Cast of characters: Interlocutor, Herbert Goodwin; singers, Mr. Anson, Albert Dosher, Frank Banks, Wilbur Dosher, Ed. Riley, Harold Pate, Glen Pate; end men, Pat Gerken, John Meyer, Ed Brewer, Joe Meyers, Tuck Farris, Everett Wilson McGarrety, Sam Matthews. Rich Wormsley was leader of the orchestra; C. W. Hollowbush lears of the band; John Yates, electrician; master of properties, Rich Bingle. The production was staged by C. W. Hollowbush.

The programme was as follows: "The Rose," Mr. Anson; "Parody on No One Knows," Sam Matthews; "Love Makes My Dreams Come True," Mr. Banks; "Come After Breakfast," Mr. John Meyers; "When the Bells in the Light House Ring," Harold Pate; "Nobody Knows Where John Brown's Gone," Pat Gerken; "White Wings," Mr. Dosher and quartette; Overture, by orchestra; "The Choir Boys Dream," Fenley trio; "In Zoo Lu Land," an original fantasia: "King of Zoo Lu Land," Pat Gerken; "Queen," Harold Pate; Zoo Lu Warrors, Messrs. John Meyers, Joe Meyers, Farris, McGarrety, Wilson and Brewer; a few remarks by Pat Kerken. "Fun in a Photograph Gallery," Messrs. C. W. Hollowbush, as Charles Brown; Ed. Brewer, as Bill Jones; Joe McGarrety, as Willie, of the Yacht; Harold Pate, as "A Bad Nigger," Tuck Farris, as Mae Hogoney.

The production was in every way a great success and the audience was greatly pleased. While all the numbers were well received, Mr. Harold Pate made the hit of the evening in his song, "When the Bells in the Light House Ring." He was recalled three or four times. Several others were also forced to respond to encores.

BOARD SHAVED DOWN BUDGET

Cut Out Several Thousand Dollars, Bringing Total for Fiscal Year Down to About $210,000. Adopted in Main.

While the budget for the fiscal year beginning tomorrow was adopted in the main as it came over from the Board of Aldermen, the Board of Audit and Finance, in special session last night, cut out several items by which the total is reduced several thousand dollars. The board declined to make an appropriation for the purchase of scavenger equipment, being of the opinion that it would be unwise for the city to take over this work. Other matters of special interest were the cutting in half the appropriation of $4,400 for arch lights in the down town district; instructed the clerk to again call to the attention of the Board of Aldermen the recommendation that the tax rate be reduced from $1.40 to $1.30; increased the salaries of the clerk and treasurer and assistant clerk and treasurer from $1,500 to $1,800 and $1,440 to $1,500 a year, respectively; and that of the clerk to the Board of Audit and Finance was increased from $1,500 to $1,800.

The board was called to order shortly after 8 o'clock with Chairman M. J. Heyer presiding and Messrs. McQueen, Tiencken and Wilder, members of the board; Capt. Thos. D. Meares, the clerk; Alderman S. J. Ellis, and Thos. D. Meares, Jr., Esq., in attendance. Thos. D. Meares, Jr. was before the board with reference to a claim of Mr. W. H. Todd, who was injured by a fall from his bicycle on Second, between Market and Dock streets, some weeks ago, caused, it was stated in the communication, by a water main protruding above the ground. Mr. Meares stated that he had been instructed by his client to bring suit for $5,000 against the city, but he preferred to effect a compromise if such could be arranged. Upon motion of Mr. McQueen, seconded by Mr. Wilder, the communication of Mr. Meares was sent over to the Board of Aldermen, the board holding that it was the duty of the Aldermen to make an investigation and send its action over to the Finance board for concurrence.

Mr. McQueen brought up the matter of tax rate for the fiscal year and asked if it was not a fact that the Board of Audit and Finance had recommended that the rate be fixed at $1.30 on the $100 valuation of property and that the Aldermen had decided to let the rate remain at $1.40. He was informed that such was the status of the affair. Members of the board figured that with a $1.30 rate there would be a balance at the end of the year of $30,000 and they were strongly of the opinion that it would not be right to exact a higher rate. The clerk was instructed to again call attention of the Aldermen to the recommendation of the board.

The tax ordinance was then taken up and was passed as it came from the Board of Aldermen with the exception of the item with reference to the license tax on scavengers. The board refused to concur with the Aldermen in abolishing the tax. When this matter was taken up Alderman Ellis, chairman of the Sanitary Committee, was asked for his views relative to the city taking over the scavenger work the first of the fiscal year. Mr. Ellis said that he favored the proposition a year ago, but he was not in favor of taking over the work at this time. He said that in the remaining one year of the life of the present board, the work under the city could not be given a fair test. Then upon motion of Mr. Tiencken the board declined to concur with the Aldermen in striking out the scavenger license tax.

Chairman Heyer said that complaints had been made to him that the tax levied on retailers was out of proportion to that exacted from wholesalers. Mr. Tiencken said that he had been doing some figuring and that the taxes were well proportioned, but that there was an injustice in the tax ordinance for the reason that the man doing a business of $250,000 a quarter was not required to pay any more than a man whose business was not over $50,000. He thought the scale should run to $250,000 a quarter. Other members took the same view and the clerk was instructed to write the Board of Aldermen a communication recommending that the tax be graduated from the maximum of $250,000 a quarter instead of $50,000.

Woodus Kellum, Esq., appeared before the board with reference to an increase of $1 a day in the wages of street hands. The matter was discussed at some length, when finally Mr. Tiencken moved concurrence with the Aldermen in the increase asked. The motion did not meet with a second and the board was about to pass on to some other item, when Mr. McQueen said that he would agree to make the increase 75 cents a week. Mr. Wilder seconded the motion and it was adopted.

There came over from the Board of Aldermen a secondary budget for the sanitary department in which provision was made for three ditchers at an increase of 25 cents a day each in their wages. Mr. Ellis addressed the board in behalf of the increase for the men. The members of the board were divided as to whether this work should come under the head of the Street Commission. After some discussion it was decided that this work should be done by the Street Commission, but Mr. Ellis was authorized to push to completion a piece of work his men are now at work on.

The action of the Board of Aldermen in increasing the salary of Mayor MacRae from $1,200 to $1,800 a year was not concurred in, the Mayor having gone personally to the members of the board and requested adverse action. The salary of the city clerk and treasurer was increased from $1,500 to $1,800 a year as recommended by the Aldermen and the salary of the assistant city clerk and treasurer was increased from $1,440 to $1,500 a year, making their salaries the same as a year ago. The salary of the clerk to the Board of Audit and Finance was also increased from $1,500 to $1,800 a year, this, however, including the extra work on the tax books for which a special appropriation of $300 was made for the clerk last year.

The $3,000 emergency fund for the use of the Streets and Wharves Committee for making repairs when not convenient for the Street Commission to act promptly, was stricken out, as was also $300 for furniture. The board deferred action on the salary of the superintendent of health and city physician pending a reply from the Board of Aldermen relative to the duties of the office. The budget provided for a salary of $60 for the health and fumigating officer and $55 a month for health officers, and this was shaved down $5 in both instances, making the salary the same as at present. The board recommended that hereafter disinfectants be purchased in Wilmington, which, it was said, will mean a big saving to the city. The appropriation for the purchase of scavenger equipment was stricken out. When the appropriation for lighting was reached Mr. Tiencken said that he would like to see the amount reduced about $3,000. He did not favor the idea of the city spending $4,400 for lighting the down town district while so many additional lights are needed in the outlying districts. He thought the arch lights a good advertisement for the city, but in his opinion the expense should be borne by the merchants, who reap the benefit. Chairman Heyer and the other members took the same position. It was thought that 22 arches would give sufficient light for the down town district and the appropriation for the arch lights was therefore cut in half. It was agreed to give the W. L. I. $500 a year instead of $300 as formerly, this being $100 less, however, than the amount provided in the budget, sent over from the Aldermen. The appropriation of $2,500 to be used by the Mayor as he saw fit was stricken out. The board adjourned at 10:30 o'clock.

PERSONAL PARAGRAPHS.

—Mr. S. A. Barber, of Bolton, was in the city yesterday making business calls.

—Mr. J. C. Woodward, of Florence, S. C., was in the city yesterday en route to Shallotte, N. C.

—Capt. Fred Dosher, master of the tug Blanche, is spending a few days at Jacksonville on business. Capt. Pepper, of Southport, is on the Blanche.

NO COURT YESTERDAY.

Judge Cook Engaged at Kinston and Was Unable to Get Here.

Owing to the fact that Judge Chas. M. Cooke, of Laurinburg, who is to preside, was engaged in a capital case at Kinston and unable to arrive yesterday, the regular two weeks' term of New Hanover Superior Court for the trial of cival matters did not convene yesterday morning as scheduled. Court was formally opened at the usual hour by Sheriff Cowan and promptly adjourned. Judge Cooke wired Sheriff Cowan that he would be here in time for court today. MYSTERIOUS SHOOTING.

Negro Seriously Wounded Refuses to Tell Anything of Affair.

Mystery surrounds the shooting of George Simpson, colored, who is in the James Walker Memorial Hospital in a dangerous condition. The police have had no report of a shooting Sunday and the negro refuses to tell anything at all about the affair. He went to the hospital Sunday afternoon and stated that he had been shot in the abdomen and desired medical attention. He was attended by Dr. Lane, of the hospital staff of surgeons, who thinks that he has a chance to recover unless complications develop. A message from the hospital at a late hour last night was to the effect that the negro was getting along as well as could be expected.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

MUSIC FESTIVAL.

Very Successful Rehearsal of Chorus Last Night—Box Sheet.

The chorus for the Music Festival held a very successful rehearsal in the Elks' Temple last night. Practically all the members were present and those who heard the vocalists declared the chorus to be well trained and in fine shape for the big event Wednesday and Thursday nights of this week. The box sheet for reservations of seats will be opened today and tomorrow at the shoe store of Messrs. Geo. R. French & Sons, on North Front street.

ANNUAL EXCURSION YESTERDAY

Many Spent the Day Very Pleasantly at Carolina Beach.

The annual excursion of Marine Engineers' Beneficial Association, No. 71, to Carolina Beach was conducted yesterday and a large number took advantage of the opportunity to spend the day very pleasantly at the well known and popular resort. The steamer Wilmington made three trips to the pier during the day. The steamer left Wilmington on the last trip at 7:30 P. M. and returned about 11 P. M.

Revival at Delgado Mission.

The series of meetings announced to be held at Immanuel Presbyterian Church this week have been postponed until next week on account of the revival now in progress at the Delgado Presbyterian Mission. The meeting at Delgado began Sunday night and will continue through the week. Rev. McG. Shields, one of the State evangelists of the Presbyterian Church, arrived yesterday and preached a strong sermon last night on Faith. He will preach every night this week. Song service at 7:45 P. M. and preaching at 8 P. M.

Colored People Celebrate.

National Decoration Day was observed in Wilmington by the colored people with the customary exercises at the National cemetery. The colored people, several hundred strong, met at Mabel Hall at 2:30 o'clock yesterday afternoon and marched to the cemetery. Dave Sasser was marshal; Prof. L. Green, master of ceremonies; Rev. M. L. Baldwin, chaplain, and Rev. G. L. White, orator of the day.

—The condition of Mr. J. L. Lennon, who was injured by a fall from a scaffold at Almont factory Saturday afternoon, was reported as somewhat improved yesterday.

MURDER IN COLUMBUS.

Killing Near Roseland Saturday Night—The Hearing Yesterday.

(Special Star Correspondence.)

Whiteville, May 28.—Sam E. Hughes, P. C. Hilburn and Lloyd C. Duncan were arraigned before Justice of the Peace E. L. Baldwin this morning at 10 o'clock to answer to the charge of killing one Charlie Joyner, near Roseland, last Saturday night. Sam Hughes is alleged to be the murderer, and the other two men as accessories before the fact. No evidence at all was introduced, as J. B. Schulken, attorney for the defendants, asked for a continuance until tomorrow which was granted, in order that he may have some material witnesses here. There are numerous rumors afloat as to the cause of the murder, the most common one, however, is that Hughes left home Saturday evening saying he intended to get even with somebody. He went on, and became entangled with Charlie Joyner and the parties mentioned above, got to drinking which resulted in a difficuty and in the melee Joyner was shot and killed. Since Hughes was the only one in the crowd that had a gun, the crime is naturally charged to him. The trial is set for tomorrow, at which time a preliminary hearing will be had.

General Carr's Oats.

(Durham Herald.)

General Julian S. Carr yesterday came down from his farm where he was delighted to see one of the finest crops of oats he has raised.

"I will give any farmer in the State a fine Jersey cow," the General said, "who will show me ten acres of finer oats than that field. The offer is open to anybody. I haven't seen anything better."

Travelers generally compliment the appearance of Occoneechee. It gives promise of its most splendid harvest and last year General Carr beat any record preserved of a crop of wheat the size of his own.

S. S. S. THE BEST SPRING TONIC

Most persons, even those who are ordinarily strong and healthy, need a tonic and blood purifier in the Spring. Some have no particular ailment, but are weak, debilitated and run-down. Winter life with its decreased amount of outdoor exercise, and the fact that cold weather has kept the pores of the skin closed, prevented the proper amount of waste and refuse matter from being expelled from the system. These impurities entering the circulation have thinned and weakened the blood, and the body therefore does not receive a sufficient amount of blood nourishment. The general bodily weakness, tired feeling, fickle appetite, poor digestion, etc., show how anaemic the blood has become. Frequently skin diseases, pimples, eruptions, etc., break out and this is evidence of the impurity of the circulation. S. S. S. is the best Spring tonic, because it is the greatest of all blood purifiers. It is the only medicine on which you can rely to supply the system with the needed tonic effects and at the same time purify and enrich your blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long, hot Summer. S. S. S. is made entirely from roots, herbs and barks; it is Nature's tonic, pure and healthful. It regulates digestion, tones up the stomach, improves the appetite and promotes strong, vigorous health. This will be your best Spring season if you use S. S. S. for your tonic.

NEW ORLEANS COTTON.

New Orleans, May 30—Spot cotton dull, unchanged; middling 14 15-16; sales on the spot 250 bales; to arrive 25.

Cotton futures opened quiet at a decline of 1 to 5 points. Cables were about as expected but the trade looked at weather and crop accounts more than anything else. Both showed improvement and after the call the new crop months went to a level 9 points under Saturday's closing. The old crops went 4 to 6 points down.

The belt as a whole appeared to be dry and the forecast was for continued fair weather tonight and tomorrow in the western half of the belt. The market was dull and easy all the morning. Bulls offered absolutely no support but at all times a moderate quantity of cotton chiefly in the new crop months, was being offered around the ring. Offerings were increased on the rumor that the Ginners Association was out with a report on condition of ...2 per cent. At noon the list was 9 to 14 points down compared with Saturday's last prices.

In the afternoon session the market showed little activity. The dull and easy tone still ruled and the decline was widened to 12 to 17 points. At 2 o'clock the market was inactive at the lowest of the day.

The market closed steady at a net decline of 6 to 15 points.

Cotton futures closed steady. Closing bids: May 14.58 nominal; June 14.58 nominal; July 14.78; August 13.29; September 13.15; October 12.55; December 12.41; January 12.43.

LIVERPOOL COTTON.

Liverpool, May 30.—Cotton: Spot fair demand, prices 1 point higher. American middling fair 8.56; good middling 8.26; middling 8.22; low middling 8.02; good ordinary 7.76; ordinary 7.51.

The sales of the day were 10,000 of which 500 were for speculation and export and included 9,200 American. Receipts none.

Futures opened steady and closed quiet. May 7.86 1-2; May and June 7.76 1-2; June and July 7.70; July and August 7.64; August and September 7.38 1-2; September and October 6.95 1-2; October and November 6.74 1-2; November and December 6.65 1-2; December and January 6.63 1-2; January and February 6.62; February and March 6.61; March and April 6.60.

UNIVERSITY COMMENCEMENT.

Baccalaureate Sermon and Class Day Exercises—Other News Notes.

(Special Star Correspondence.)

Chapel Hill, N. C., May 30.—The regular routine for the Sunday of commencement week was carried out in full today with marked success. This morning at 11 o'clock in Memorial Hall the baccalaureate sermon was delivered to the graduating class and an immense audience. Dr. Francis P. Venable, president of the University, introduced to the audience Rev. J. Y. Fair, of Richmond, Va., to make the sermon, and after Rev. R. W. Hogue had made the invocation and Rev. W. R. Royal had announced the text, Dr. Fair spoke in brief as follows:

Alumni Day.

Today was alumni day at the commencement for 1910. The day was featured by the alumni address this morning class reunions, the alumni luncheon, a performance by the University Dramatic Club this afternoon and the annual commencement debate between the two literary societies tonight, followed by a reception to the seniors in library.

At 10:30 this morning Junius R. Parker Esq., of New York, delivered ...e alumni address in Gerard Hall.

Immediately following this address the class reunions were held, the exercises being turned over to the presidents and other officers of the respective classes. The reunions held were those of the classes of 1860 and 1870, 1885, 1890, and 1900. The president of each class read a brief summary of the activities of the members of the class and reviewed their recent history.

At 1:30 P. m. the annual alumni luncheon was held in Common's Hall, the principle speakers being President Venable, Governor Kitchin, and Mr. Josephus Daniels, of the Raleigh News and Observer. Dr. Geo. T. Winston served as toastmaster. In his talk President Venable advocated strongly the issue of State bonds for the better maintainance of the University and his plan was heartily endorsed by Governor Kitchin. Many other talks were heard but this was the one of most importance at the luncheon.

At 3:30 P. M. the board of trustees of the University met in Alumni Hall and attended to matters of importance to the University.

At 4:00 P. M. the University Dramatic Club presented in the open Bourcicault "London Assurance" for the second time this Spring and delignted their audience.

Tonight the annual Y. M. C. A. sermon was delivered in Gerard Hall by Rev. Pluto Durham, of Concord, N. C. Prof. E. K. Graham, Dean of the School of Liberal Arts of the University, announced the speaker and Dr. Durham then announced as his text "To Seek and Save". He gave a brief but impressive analysis of the obligations of a University toward the student, especially the young one, stressing in particular that it should possess that mother-like guardianship over its sons.

After analyzing the kinds of college men that are lost, as the immoral man, the intellectually bewildered man and the man who does not find himself, Dr. Durham proceeded to show how the student could, by accepting God and His true teachings avoid the snares and pitfalls of college life. Especially strong was his argument against the bewilderment of a student by set creeds and doctrines. He prayed that all men might seek the truth as best they might, accept it as best they might and do all in their power to influence. To do this would be "To seek and to save" and would be serving God in the highest degree.

If women only knew the cause—that

Backache pains come from sick kidneys,

'Twould save much needless woe.

Doan's Kidney Pills cure sick kidneys,

Wilmington people endorse this:

Miss Mattie Hodges, 609 S. Fifth St., Wilmington, N. C., says: "Since using Doan's Kidney Pills I have felt better in every way and am pleased to add my testimonial to the many already given in favor of this remedy. I had kidney trouble for years. My back ached most of the time and when I stooped or lifted, sharp pains caught me across my loins. I had but little strength or energy and was also bothered by a kidney weakness. I used one box of Doan's Kidney Pills, procured from Robert R. Bellamy's Drug Store and they disposed of the backache, strengthened my kidneys and gave me ambition and energy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

COLUMBUS HAPPENINGS.

Celebrate Jefferson Davidson Birthday Other News Notes of Interest.

(Special Star Correspondence.)

Whiteville, N. C., May 28.—Jefferson Davis Chapter, of the Daughters of Confederacy, are planning for an enthusiastic celebration of Jefferson Davis' birthday here the 3rd of June. The local Camp of Confederate Veterans will meet in the Court House at 10 o'clock and after transacting business, they will form and march to the audltorium. Hon. Oscar L. Clark, candidate for Congress from this district, is expected to address the veterans. The Vineland band will furnish music during the programme, after which dinner will be served in the auditorium.

A telegram to Rev. Chas. C. Smith, who is directing the second annual Bible conference, which will be held here next week, announced that Dr. Geo. E. Guille, of Augusta, Ga., owing to a combination of circumstances, would not be able to be here during the conference. Mr. Smith expects to have one to fill his place, and will probably add another to the list of speakers.

This week brings two new candidates in the field for the office of Clerk of the Superior Court. Both are well known men residing here. They are Jasper L. Memory and D. Lloyd Smith.

Whiteville's young ladies and boys, who are expected home from college in the next few days are Miss Ethel Maultsby, who has been at St. Mary's, Raleigh; Mr. Walter H. Powell, who has been at the University Law School; and Mr. Robert J. Powell, who has been at the A. & M., Raeigh.

HOW TO CURE RHEUMATISM.

It Is an Internal Disease and Requires an Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments will not cure, affords only temporary relief at best, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the system, regulates the liver and kidneys and makes you feel well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In Tablet form at 25c and 50c a package. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co. Baltimore, Md.

Clothing Sale

I have decided to sell my stock of clothing at great reduced prices. We handle several noted brands that are sold to men and boys, and among them we sell Adler's Rochester Clothing for men, we will sell the $27.50 value in new up-to-date goods for men for $17.50. The $20.00 value for $14.00 and other styles in proportion. The Adler Rochester Bros. suits are the height of perfection in style, fit and material. They wear and look well twice as long as an ordinary suit. These suit never swag or wrinkle in the front or break in any way. I am selling this grade of clothing at this price more to introduce them than anything else.

We have on hand about 100 men's all wool cashimer suits, the prices of these suits have been greatly reduced. We are selling our $9.00 suits for $4.98, Men's Fancy Worsted $10.00 suits for $6.38 and other suits in proportion to these.

A Special Sale on Men's Pants. We are selling our $1.50 pants for 86 cents special. Our $2.00 pants for $1.08. In Men's pants we sell quite a large variety, and we have as nice assortment as you can find anywhere and prices below competition.

We are selling boys' suits as low as 58 cents. A real nice Wash suit for 68 cents each. A nice high grade worsted Suit for $2.56.

UNDERWEAR

Men's and Boys' nansook underwear for 23 cents each. A fine line of men's silk finish balbriggan underwear made of lisle thread $1.00 quality at 50 cents each, just half price. Ladies' undervests full sizes 5 cents each. In our Big Clothing Store we have made up our mind to cut the prices and unload the goods in season, as it is now in the Spring of the year when the people are buying clothing and I want to move mine.

Remember This

We are offering you seasonable clothing at out of the season prices. Come and see the goods and judge for yourselves whether they are rich values and great bargains. To buy the clothing at half price is a big saving to you, to sell at that price means a big loss to me. I make this offer to help you out as well as myself. Come to Gaylord's Clothing Sale as we have everything in the Clothing Department.

SENTIMENT FAVORS LINE.

Likely That the Proposed Denver & Lincolnton Railroad Will be Built.

(Special to The Observer.)

Mooresville, May 29.—Mr. Edward W. Shedd, president of the Denver & Lincolnton Railroad, chartered by the last General Assembly, was in this vicinity last week, visiting the various townships in Lincoln, Catawba and Iredell counties through which the proposed railway is to be built, and in conversation with your correspondent he stated that sentiment is very strongly in favor of the line. The proposition has been agitated in Coddle Creek and Davidson townships, of this county, for some time and it is quite probable that the matter of bonds will be voted on for the construction of the road at no distant day. Mooresville will be the terminal point of the proposed road for the present at least, and the line will traverse a territory that lies between this point and Iron Station in Lincoln county, where a tap will be made with the Seaboard Air Line, with a probable connection at Mount Holly with the new line to be built from Greenville, S. C., to Durham This township (Coddle Creek) will be called upon to vote on an issue of $50,000 bonds, while Davidson will be asked to vote on $25,000, the bonds to be paid for in common stock of the company.

WATCH WADESBORO WIN.

Wide-a-Wake Club Goes Into New Quarters—Mr. Dunlap Elected Secretary.

(Special to News and Observer.)

Wadesboro, May 28.—At a recent meeting of the executive committee of the Wadesboro Wide-a-Wake Club, F. W. Dunlap was elected secretary and the room next to the National Hotel is being fitted up for an office, and the furniture belonging to the club will be moved there at once. There are a number of live business men and others back of the recent movement who propose to keep the club wide-a-wake sure enough for the purpose of showing the real advantages that Wadesboro and Anson county offer to the prospective business man or settler.

Some time ago Mr. John T. Patrick found it necessary to resign his position as chairman of the executive committee on account of other duties, and Mr. Boggan also resigned as secretary. The president, Mr. George W. Huntley, believes that there is a wide field of usefulness for such an organization and is anxious to see its good work continued.

Mr. Dunlap is a young attorney here who is making himself qnite popular with all classes, and is a man in whom our people have the utmost confidence. Watch Wadesboro win.

FIRE DESTROYS PLANING MILL.

Moore County Settlement Visited by Disastrous Blaze, Loss $10,000.

(Special to Charlotte Observer.)

Southern Pines, May 29.—This afternoon fire broke out in the planing mill of Currie & McQueen at Lakeview which was destroyed with the commissary. The fire reached the freight depot and that was cleaned up with most of its contents together with a car of local freight, a couple of cars of lumber and two box cars. All the telegraph and telephone wires were torn down, cuttin goff communication out of town. When a message could be sent to Southern Pines help was asked for and as soon as transportation could be arranged the Southern Pines fire company, with hose an dan engine, were loaded on a flat car to which a locomotive was attached and hurried down. The fire so heated the rails that passenger trains were delayed several hours. A passing locomotive is thought to have been responsible. The loss is about $10,000. The fire is now under control.

CONFESSED USING POISON.

Negro Tried to Kill Whole Family in Washington.

Washington, May 30.—Nellie Clarkson, the negro servant, under arrest here, accused of poisoning Mrs. Florence Barrow and her daughters, Florence and Mary, by putting rat poison ir the coffee pot at the Barrow house last Friday, was declared by the police today to have confessed.

The police say the woman related how she had been angered at having been discharged and accused of theft and that she put the poison in the coffee pot after a quarrel with Mrs. Barhow. After she had returned home, the Clarkson woman is said to have told the police she was sorry for what she had done. All of the poisop victims are now out of danger.

KELLNER MYSTERY IS BEING SOLVED

(Continued from Page 1.)

"sweating" elicited little information from the woman, whose husband the police now seek as the possible slayer of the girl.

Chief of Detectives Carney announced tonight that the police throughout the country had been set to work to trace Wendling, who was the janitor of the church and school where the hild's body was found. No clew as to the man's whereabouts thus far has been obtained.

JEFFRIES TAKES DAY OFF.

Corbett Busy Around Training Quarters—Back in Form.

Ben Lomond, Cal., May 30.—James J. Jeffries spent Memorial Day casting for trout in the Son Lorenzo river several miles from his training camp.

The excessive heat caused the fighter to leave camp early in the day to seek recreation along the river. He was accompanied by Tex Rickard and Jack Wooley.

The camp, however, was aroused to life by the appearance of James J. Corbett, former champion heavy weight, who is to assist in getting Jeffries into proper form to meet Johnson. Corbett slipped into camp unannounced and went into the gymnasium "to try himself out" at some preliminary stunts.

After a half hour with the weights and a bit of shadow boxing that was full of ginger and spryness, the fighting actor went into the hand ball court where the thermometer registered about 95 degrees and played a brace of smashing handball games. He won both and played his opponent into a state of near collapse, but did not seem satisfied for a new opponent. No response met his challenge and to put his lungs to a test Corbett danced around the hand ball court in another session of shadow boxing.

"I'll be in real shape in about a week", said Corbett. "For several weeks I have been working, and I feel in good shape right now. If I can box anything like I used to Jeffries and I shall have some good old sparring scraps."

Corbett returned to Santa Cruz in the evening. He will live there with his wife until the end of the training season.

Jeffries returned this evening with a large string of trout, saying he felt fine.

POODLE DOG RABID.

Bit 32 Persons at Hope Mills One of Whom Died Yesterday.

(Special Star Telegram.)

Fayetteville, N. C., May 30.—About five weeks ago a small poodle dog at Hope Mills bit a number of people. Seven men were standing near the Bank of Hope Mills when the dog ran up and bit them all. Thirty-two other people were bitten by the dog after that on the same day. Walter Fisher, one of the persons bitten, a young man 20 years old, died in terrible agony yesterday afternoon at the Holt-Morgan Mill village, this city. Since Fisher's death, 25 of the persons bitten by the dog have been carried to Pasteur institutes at Raleigh and Richmond. Dr. Shore, of the Pasteur Institute, Raleigh, today telegraphed to Fayetteville for Fisher's brain, but the family refused to send it. The dog died the day after he had bitten the persons above mentioned.

McFARLAND-WELSH FIGHT.

American and Englishman Fought a 20-Round Draw Last Night.

London, May 30.—Packey McFarland, of Chicago, and Freddie Welsh, the British light weight champion, fought a 20-round draw tonight before the National Sporting Club. The fight was for a purse of $6,500, and a side bet of $1,000.

McFarland had much the better of the bout. He led all the way, knocking his opponent against the ropes repeatedly and forcing the fighting in every round.

The verdict of the referee was received with much hostility. Welsh was the favorite at the opening of the contest at 7 to 4, but before the fight was half over the sympathy of the crowd was wholly with the American.

HOBSON AT RALEIGH

Spoke At A. & M. College Commencment Last Night.

TWELVE INJURED IN WRECK

(Continued From Page One.)

seriously hurt are Charles D. Woodwin, a passenger of Lynchburg, Va., and N. W. Borden, a mail clerk, of Washington. The former is hurt about the head and his back is sprained, while the latter is thought to have been injured internally. Engineer J. C. Small and Fireman T. C. Johnson were taken to their homes in Spencer. The latter suffered only a few slight bruises and the former will recover.

The cause of the wreck has not been determined. The engine, express, baggage, mail and second class passenger coach left the track and turned over, nearly all of the cars being demolished. The express car piled up on top of the engine while the other cars were jumbled together in a confused heap. Engineer Small succeeded in crawling out of the debris piled on him, getting out just in time to escape the water from a bursting boiler. The track was torn out for a considerable distance, the iron rails being twisted as though they had been made of cotton twine.

ROOSEVELT AND ROOT MET

Ex-President Again Refuses to Tell What Subjects Were Discussed.

London, May 30.—ExPresident Roosevelt had an opportunity today to hear something of affairs in the United States. By appointment he met Senator Elihu Root, who is passing through London on his way to the Hague. Mr. Roosevelt and his former Secretary of State had a long talk at Ambassador Reid's residence, Dorchester House. Asked later what interesting subject kept them together for so long a time, Mr. Roosevelt laughingly replied: "This is one of the cases in which I must observe my usual reticence."

Mr. Roosevelt early this evening made a call on Mrs. Humphrey Ward, with whom he took tea. He dined with Lord Charles Beresford, whose guests included many prominent members of the Unionist party. Ambassador Reid also was present as were Admiral Sir Edward Hobart Seymour, Admiral Sir Gerard Henry Noel, Vice Admiral Sir Hedworth Lamoton, Lord Roberts, Lord Alverstone and Lord Rothschild.

FATAL CAR COLLISION.

Motormen Killed and 15 Passengers Hurt at Oakland.

Oakland, Cal., May 30.—As the result of the head-on collision between two street cars of the California Electric Railway, near Leona Heights today, C. A. Christensen, motorman of one of the cars, is dead and 50 passengers are suffering injuries that in some cases may result fatally.

The collision occurred on a steep grade at a sharp turn in the road. Believing that he had a clear track, the motorman of the in-bound car was coming down the grade at a high speed when an out-bound car, loaded with a picnic party, crashed into his car. Half of each car was crused and the out-bound car dashed back down the track, scattering wounded victims along the right-of-way.

The picnic party was planned in honor of a newly engaged pair and was composed mainly of women and children. The betrothed were not seriously injured.

ALL HONOR TO CURTISS

Great Aviator Receiving Congratulations—Banquet Tonight.

New York, May 30.—Messages of congratulations are pouring in on Glenn H. Curtiss by the bushel. Since making the $10,000 flight from Albany to New York, he has remained quietly at his hotel and has made no plans other than for an early return to his home in Hammondsport, N. Y., Curtiss had his machine carefully examined today and a leak was discovered in the lubricating oil tank. This caused no mishap yesterday, but it was a source of unknown danger.

Mayor Gaynor will preside at a dinner in Curtiss' honor at the Hotel Astor tomorrow night which will be given by the New York World. Invitations have been extended to all of the prominent American aviators and to many distinguished persons who are especially interested in aviation.

THE TOXAWAY PROPERTY.

Stockholders Will Make Motion to Set Aside Receivership.

Asheville, N. C., May 30.—At a hearing to be held before Judge J. C. Pritchard in the United States Circuit Court tomorrow morning attorneys for the stockholders of the Toxaway Company will make a motion to set aside the receivership for that property recently ordered by Judge Pritchard at Richmond.

At the recent hearing Judge Pritchard appointed H. H. Burroughs, representing the Duke interests, receiver for the Toxaway company, and authorized him to issue $10,000 worth of receiver's certificates, pay the debts of the company and to take full charge of the property, with the ultimate view of selling the same after the titles have been cleared.

LUMBER DEALER KILLED.

Run Down by Southern Freight Train —One Seriously Injured.

Asheville, N. C., May 30.—Shuford Abernethy, 36 years old, a lumber dealer, was instantly killed and Robert Hodges, 37 years, both of Bridgewater, was seriously injured by a Southern Railway freight train while walking on a siding near Hickory tonight.

Abernethy was literally cut to pieces. Hodges, who is being brought to this city, suffered a broken ankle and severe internal injuries.

A PRODUCT OF NATURE

Warmed into life by the sun shining on Southern Cotton Fields, nurtured by rain and dew, the Cotton plant concentrates in its seed that life-giving and life-sustaining quality which is the basis of Cottolene. *From cotton field to kitchen*, human hands never touch the oil from which Cottolene is made. It is a product of nature. Lard comes from the fat of the hog—often impure, always indigestible. Cottolene, on the contrary, is made from vegetable oil, and jelly made from the juice of choicest fruit is not more pure or easily digested than this product of the oil expressed from the kernel of the Cotton seed.

If Old Ways Were Always Best

The world of business would have stood still if old ways were always the best.

It is the new things that have made for progress and prosperity

We recognize new ways and ideas in our banking business as soon as we believe they mean for better service for our customers and our policy in that direction proves itself right by a service not surpassed elsewhere in the State.

DAVID'S

You dont believe all the fish stories you hear; "the one that got away" is always the big one; but it is seldom as big a "whopper" as the story he tells about it.

You don't believe all the clothes stories you hear, either; some of them are like the fisherman's tale; there's no way to prove it. Now, we've got a good clothes story to tell you; it's about

Hart Schaffner & Marx Clothes

and we've got the goods to prove what we say about them. Hart Schaffner & Marx clothes are better than any description of them; they're all-wool, which means a lot more than those words convey. They're correct in every detail of style and tailoring; they give a man a correct fit, and make him look and feel well-dressed.

That's why we sell them; and that's why you ought to buy them.

Blum & Kochs' Straw Hats.

This store is the home of Hart Schaffner & Marx clothes and other good things to wear for Men and Boys.
